# R. Nelson Snider High School

4600 Fairlawn Pass
Fort Wayne, Indiana 46815
Volume 22

Through academics, clubs, community projects, and sports, the Snider High School Panthers made their mark.

Snider students are known for their high achievement. The science department, for example, was awarded again this year for being one of the top in the state of Indiana.

Clubs such as the Speech team represented Snider with four regional champions. Other activities such as Project Lead contributed much time volunteering for the community. They worked at nursing homes, and helped at the Special Olympics. Snider also raised money for the WOWO Penny-Pitch, and held two annual blood drives, contributing more than ever.

Whether it is for grades or human kindness, Snider students and faculty made their mark by caring.

Pep sessions play an important role in school spirit, not only for students but here for the teachers and administration.

Reggie Phillips concentrates on the State Football Championship. Players like Phillips show that the Panthers have good sportsmanship, even during the toughest of times.

Snider High School was built in 1963. It is the home of the mighty Panthers!

## Opening

Snider fans came from everywhere for the State football game at the Hoosier Dome in Indy.

Jay Tipton and his date enjoy the atmosphere at the Winter Semi Formal.

Archery is one of the many activities in which students participate during gym class.

# Everything Makes Their MARK

*It's not all friends, fans, and fun at Snider High School. Students and staff share responsibility. From the time they arrive early in the morning, to the late afternoon shadows, people are working at their appointed stations. For school is a place for education, and classes take up much of the time. Mathematics, foreign language, English, history, art and science are a few tools of the trade. Bells ring, teachers teach, and books open and close throughout the day. Cafeteria lines form at midday and everyone takes a needed break from the routine. Sports are practiced after school, clubs meet and papers are graded and recorded. Wastebaskets are emptied, chalk boards erased only to be filled again the next day.*

# IN *Action*

*Activity. That's what life is like at Snider. Busy people are everywhere. Pep sessions liven up the day and send the crowd in a wave of excitement. Plays, banquets, fashion shows, you name it, we've got it. Everything that you'd expect from a big, suburban high school in America is happening here. A student's busy life revolves around a hectic schedule of school, work, and play . . .. and for the lucky seniors — GRADUATION.*

Bob South and Mike Welch, the Powder Puff cheerleaders, display that the seniors are number one!

## *Student Life*

A hot air balloon helped to set off the unique festivities of Homecoming night.

# "Drown Those River-Rats!"

Homecoming Week here at Snider is a week full of fun and excitement.

The theme was "Drown Those River-Rats!," and indeed that is what happened. The Homecoming game ended in a Panther victory of 56-10 over the Northside Redskins.

Students participated in events like Powder Puff and the Tailgate Party. They also showed much spirit by dressing up in their pajamas on Monday, their nerd outfits on Tuesday, country hick attire on Wednesday, their Hawaiian shorts on Thursday, and of course, the traditional school colors of black and gold on Friday.

Excitement of the student body was apparent through the hall decorations, the clothes, and their response to the original idea of fireworks and an hot air balloon at the game.

The 1986 Homecoming Week proved to be one of the most successful ones in Snider High School's history making memories that will never be forgotten.

Grab your board Miss Gerig, seniors Chris Dunlap and John Zern are ready to surf!

Sophomores Karla Kilmer and Dawn Knock prove that hot air can be a useful tool.

Cars decorated like this van, displayed much school spirit at the tailgate party.

The 1986-1987 Senior Powder Puff court: Beth Phillips, Brett Gemlich, Cindy Clauss, Vaughn Dunbar, Brian Cook, and Vicki Self.

Junior Darren Vogt gives the eager juniors some friendly, "senior-killing" advice.

Cornelius Billingsley, the 1985-1986 Powder Puff King, resigns his reign to Senior Vaughn Dunbar, as he crowns him the new 1986-1987 Powder Puff King.

# Seniors *"Dominate"* Juniors

"I had a lot of fun because everyone got to play, which made us work together toward a common goal," said Senior Margo Cronk.

Powder Puff has become a tradition at Snider as long as anyone can remember. The main object of the game is . . . to win!

Powder Puff, or flag football as it is more commonly called, is a traditional battle between the junior and senior girls. They are cheered on by some of the guys dressed in cheerleading uniforms.

This year, both teams had many successful practices. A month of after-school and weekend practices were attended by members of both teams. This and the seniors confidence helped them to defeat the juniors in a whomping 22-0 victory.

When Julie Dinius was asked about this years game she said, "Everyone had a good time, but I can't wait until it's our turn to win."

Seniors Missy Phillips and Brian Raines dance to the beat of the senior victory.

Michelle Decker, Cindy Clauss, Linnea Fulkerson, and Sapana Patel show that they're number one.

# Wightman Reigns At Homecoming

The 1986-1987 Homecoming Week was a smashing success. The week ended the annual crowning of the Homecoming queen.

With all of the excitement, the court was announced during half time. It consisted of freshmen Julie Flowers and Brooke Tester; sophomores Angie Davis and Jennifer Victorson; juniors Jennifer Herman and Brittney Tyler; and seniors Beth Phillips, Kim Wightman, and Christine Cain.

Kim Wightman was then named the 1986-1987 Homecoming Queen. She was escorted by Senior John Arruza, and crowned by Student Council president Samuel Thong.

This year's homecoming proved to be a success as in the years past.

Sophomore Jennifer Victorson stands patiently while her name is called at the Homecoming game.

Junior Jennifer Herman smiles brightly as the crowd cheers when her name is called.

Julie Flowers greets the crowd as one of the freshman representives.

The "Royal Couple," Kim Wightman and John Arruza greet the crowd with warm smiles that will never be forgotten.

The 1986-1987 Homecoming Court: Julie Flowers, Kurt Tippmann, Angie Davis, Brad Gemlick, Jennifer Herman, Greg Snyder, Beth Phillips, Brent Saylor, Queen Kim Wightman, John Arruza, Christine Cain, Mike Welch, Brittney Tyler, Steve Roose, Jennifer Victorson, Chris Dunlap, Brooke Tester, and Matt Vince.

As the crowd looks on, Kim Wightman is crowned the 1986-1987 Homecoming Queen by Student Council President Samuel Thong.

Scott Rudolph and Chincha Evans make a perfect pair at the Winter Semi Formal.

Snider students enjoy themselves at the kick-off dance, which proved to be one of the most popular dances of the year.

# Dances Relieve Winter Blues

The dances at Snider High School have become a part of every student's life, whether it is the kick-off dance or the Winter Semi Formal.

The kick-off dance commemorates the beginning of a fine year ahead. Everyone goes stag hoping at the end, but hope that they won't leave that way.

The Winter Semi Formal came at a very good time during the year. It helped to diminish some of the winter-time blues that come after Christmas break but before Spring Break.

Many other dances occurred throughout the school year giving students something to do besides cruising.

Brad Gemlick and Karen Fazekas could be candidates for a "Love Boat" commercial with their photogenic good looks!

Leah Richards and Kelly Johnson dance cozily together during "their" song at the MORP.

Sophomores Dawn Sterba, Missy Conrad, Leslie Johnson, and Kim Kumfer cool down during one of the many dances.

Scenes like these are a popular site at beaches during the summer months.

Senior Keith Schreffler has an exciting time surfing at Huntington Beach.

Learning to para-sail at Fort Myers Beach is senior Margo Cronk.

Chris Carlton shows off his "big" catch of the day!

# Summer Breeds Excitement

During the summer, many Snider High School students travel. One of the popular places to go is to the beach.

"I like the beach because there is something there for everyone. You can swim, lay out in the sun or even cruise around for guys!" said Junior Julie Dinius.

What do SHS students do during the summer if not traveling?

Many of them hang around places like "Diamond Jim's" or "Rock America."

When Senior Steve Just was asked why he liked "Diamond Jim's" he said: "On a hot Sunday it's worth the money to get in. Not only are the slides fun, but it's also a great way to get a tan."

As you can see, for many SHS students, summer breeds excitement.

Sophomore Lance Elias spends the day on the lake while visiting Siesta Key.

Snider Senior Keith Schreffler viewed many scenes like these while visiting California.

# Fort Myers Florida — Fun In The Sun

*Spring Break is a time that every student looks forward to. Whether they go somewhere besides Ft. Wayne or stay here, everyone gets a break from the schoolday routine, teachers and homework.*

*However, in Ft. Wayne, the popular thing to do over Spring Break is head to the sunshine state - Florida. At this point in the year, everyone seems to want the same thing - sunshine and a tan!*

*The exodus to Florida began anywhere from March 23 (the week before Spring Break actually began) to March 28 (Saturday - for those who stuck it out and went to school on Friday).*

*The hot spots in Florida were: Daytona, of course, where the MTV Spring Break took place. And Ft. Myers Beach, where, if you were from Ft. Wayne you couldn't go to the Seven-11 without seeing someone you knew. The weather wasn't ideal, but there was enough sun to redden a few noses. Rain was no obstacle for anyone who wanted to have fun.*

Andrea Moehle, Bob Sorocco, Jolene Varner, and Joe Vetter kick back on a cabana in front of the Lani Kai Island Resort.

George Heller gets ready to parasail at Ft. Myers Beach.

Juniors Fred Sentgen, Matt Buchanan, Brian Roberson, Francisco Martin, Mark Youker and Mark Steinberg show some of that Spring Break '87 fun!

Amy Dahm and Kim Wightman take a break while John Arruza concentrates on catching some rays.

Steve Scott and John Espy stand in the shade of a palm tree in front of the Lani Kai.

Mike Welch is definitely enjoying the fun-and-sun found in Ft. Myers.

# 2:35 Bell Sparks Excitement

After the 2:35 bell rings, Snider students dedicate their time to things they enjoy doing. Whether it's going to McDonald's or going to a football game, it usually involves friends.

Since most people don't feel that Fort Wayne has that much to offer, teenagers rent movies and invite friends over and make a quiet party out of it. On the other hand, they also go to "Blue Mountain" and have a fun time listening to the guest bands.

Sports events play a major part in the students' lives. This is due to the fact that Snider has so many sports available to the public. Starting during August until the end of the school year you can count on some sport or other being played during the weekend.

Taking a break after school, sophomores Karla Kilmer and Susan Korte talk about their day.

Seniors Lex Lane and John Zern converse out in the parking lot after school is dismissed.

These junior girls enjoy getting out of the school atmosphere and spending time with each other.

Some Snider students cheer their favorite team on to make that touchdown. This was the final game held at the Hoosier Dome.

After the tiring school hours, these three seniors hang out together.

# Working fills Students' Needs

Work, work, work! Having a job, going to school, and doing homework doesn't leave much time for normal social life. Getting that important job gives a student many benefits though. Money, along with the learning experience of having a job are a few of the benefits. The money earned from a job can be spent on that dream car, the latest fashions, small necessities, or the money can be saved for special purposes, such as college!

The most popular place where teens find employment are the fast-food restaurants, the retail shops at the malls, and even the many tanning booths springing up all over, hire teens who in turn get valuable tanning time as an added bonus.

Even though working can cause one's grades to suffer, the question still arises as to whether a teenager should work while still attending school. But for those who can handle the working pressures along with their school responsibilities they find that the fringe benefits are especially worth the time!

Doug McNeely keeps busy at work while running the handy cash register!

By the looks of Kirk Mericle's uniform it seems that he has had a busy day.

Natalie Reidy takes a few minutes to consult with a customer at a tanning booth.

Rob Callahan helps out a customer by fitting her with shoes.

Michelle Ray takes out her frustrations during work.

Shouldn't Margo Cronk, Janet Bubb, and Laura Kumfer be pouring coffee?

Are those "things" ladies or teachers? Surprise! They are teachers helping to liven up some spirit before a football game.

Jay Higgins became a familiar face here at SHS during pep sessions. He always came to help cheer the panthers to another victory.

The cheerleaders perform their version of "Short People!"

Doing the "Hoosier Dome Shuffle" is the principal, Mr. Jerry Petrie, one of Snider High School's biggest fans!

# A Welcome Return to Pep Sessions

Until this year pep sessions were an unfamiliar thing to the underclassmen. According to the recent law changes, students had to be in the class for a certain amount of hours, but the SHS administration managed to store or bank extra hours up in order to have school assemblies.

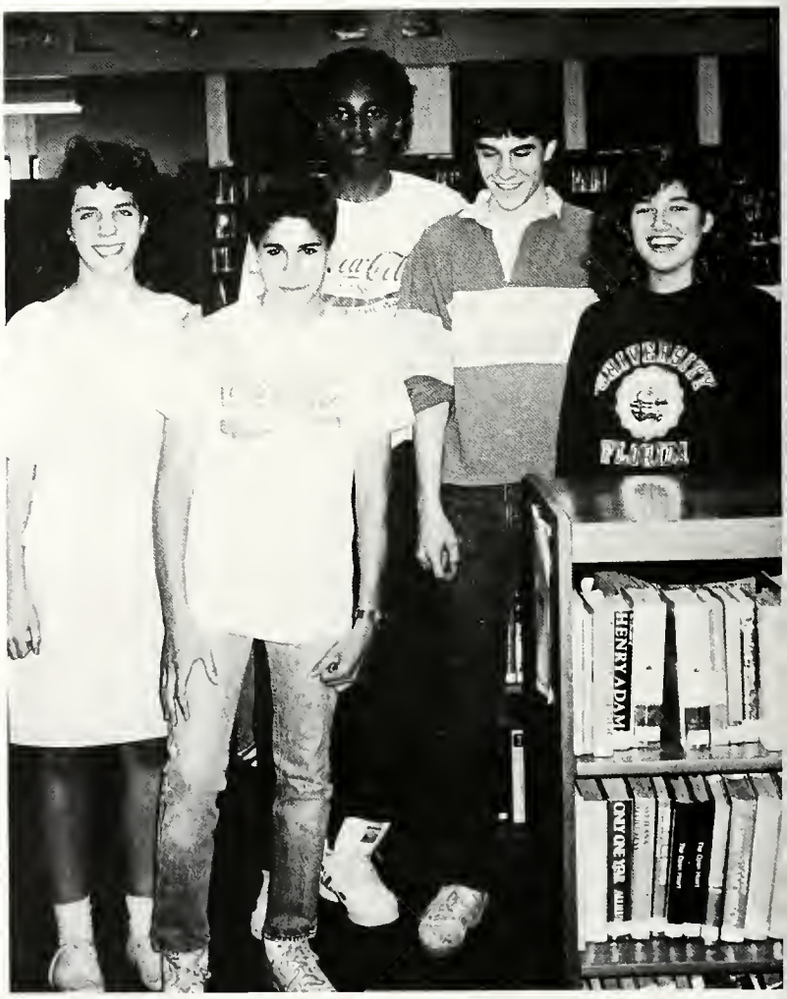
The pep sessions revitalized spirit that SHS had once forgotten. Students and teachers alike cheered for one cause, and it wasn't for homework, but for SHS itself. One student replied that SHS gained more pride for themselves, for their team, and especially for the school.

Students thought the pep sessions were fun and a great way to let day to day tension go! In fact, they welcomed them with open arms.

Varsity cheerleader, Michelle Gutherie, performs her role in "I know what football players wear!"

Dressed up or dressed down, oversized shirts can be found everywhere.

Clips and bows, extreme colors and length, all are done with an individual style.



Logos are more popular than ever on rugby shirts, t-shirts, and sweatshirts.

# Anything Goes In Fashion Today

One thing about fashion for sure, it changes like the weather. One needs only to recall a few years ago and wonder whatever happened to platform shoes, long straight hair and the mod look to realize this is true. Many of today's styles are looking back toward the forties and fifties for their origin. Padded shoulders, looser fit, baggy pants, and fancy jewelry were mainstays of bygone days.

Huraches along with Reeboks and the ever-popular flats are the craze of Snider students.

Also ruffled skirts, petticoats and pony tails are right out of the fifties. However, one style that seems to be really different this year is the Outrageous Look. Featuring weird spikey hairdos and a general unkempt look, this trend may indicate a new low in fashion savvy. The emphasis on the "unique" is designed to draw attention to the wearer. So whether you're preppy or punk, feminine or funky, everyone has his or her way of expressing fashion, and what is in today will probably be out tomorrow.

Sophomores Sarah Berghoff and Aaron Mauch show they're real "party animals" in their beach attire.

"Gucci" bags are a sign of class in the 1980's.

Senior Vasco Williams III struts his stuff with this classy look of the casual suit.

# Extravaganza '87 Variety At Its Best

The Snider Afro Heritage Extravaganza '87 was a hit show this Spring. The many hours of hard work, dedication, and determination made the show a great success. This year's show was more than just a talent show; it was a variety show which allowed many of Snider's students to express their talents.

The show consisted of modeling in which the students displayed the newest fashions for this spring and summer. Original dancing took place which had a style all its own. Some singing and rapping involved the audience emotionally as well as physically.

Extravaganza '87 was centered around a play about a young girl who had big dreams of becoming a star. The girl was a southern, down home girl who had a boyfriend. He broke up with her after going into the service.

She then met another young man and eventually terminated that relationship in order to pursue her dreams. She went to New York where she finally made it big.

Seniors Shannon Billingsley and Candi Sykes look like true "Ebony Dolls."

Freshman Jill Jordan finishes up her walk down the stage as she wears the ever popular Coca Cola shirt with a long denim skirt.

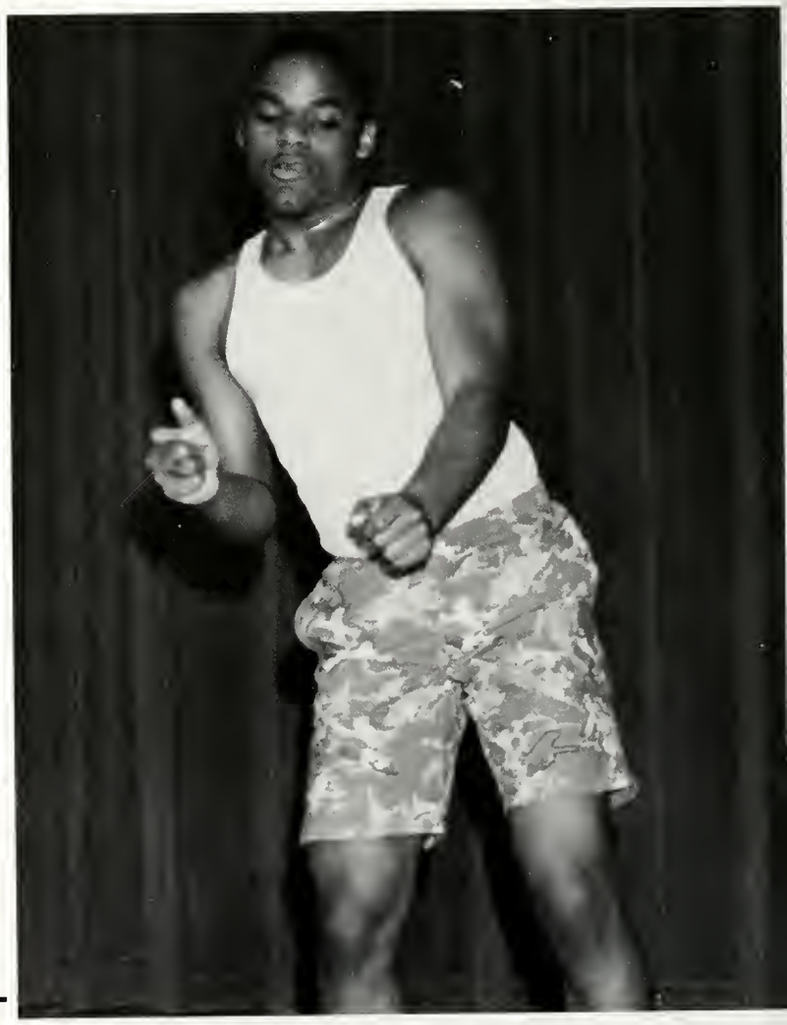
Seniors Cheryl Johnson and Von Coleman proudly show off their Prom attire.

Senior Herbie Jackson wears this original pair of Jams; he's ready for the summer!

Freshman Yvette Benjamin smiles out to the audience as she reveals this fashionable bathing suit.

Senior, Kevin MacDowell hosted his interpretation of the TV game show "Jeopardy" along with Juniors, Dana Stewart, Jeff Bemiss, and Mandi Georgi.

A trumpet trio added variety to the talent show!



Sophomore, Kent Greer danced in his unique style for the audience!

# Sketchbook shows talent

This year's Sketchbook, Snider's variety and talent show succeeded in revealing many of Snider students' talents.

It was an attempt to give the spotlight to students with attributes other than touchdowns, homeruns, and high math scores. Instead, it was an evening with music, dance, and comedy!

Such highlights included jazz companies, break dancing and rock bands. To relax the crowd from all the excitement of the twenty acts, the seven masters of ceremonies performed skits between each act.

In contrast to other talent shows, this was not a contest to see which acts received first place; the applause and appreciation of the crowd was reward enough.

In dress rehearsal, these young ladies perform a great tap dance to a jazzy beat!!

Sophomore, Phil Miguel gave it his all for the "Full Throttle" band.

Senior, Tammy Sitcler had a lot of energy and terrific jazz moves in her performance for Sketchbook!

# The Curious Savage Proves Entertaining

The 1986 fall play was "The Curious Savage," a comedy centering around an elderly woman, Mrs. Ethel P. Savage, being sent to a mental institution by her three greedy children, hoping to steal her money. Instead, to their dismay, they discover she has hidden it, and the plot then revolves around the search for the money.

The show displayed the sanity of the patients compared to the three "Savages" and the outside world, and proved to be very entertaining. Congratulations to the cast for a fine performance!

"It's 'is own daughter an' 'e don't know!" Mrs. Hopkins (Kristyn Cox) explains to Alfred Doolittle that his daughter has run off.

# *My Fair Lady delights audiences*

*Considered by many to be Snider's best musical production ever, "My Fair Lady" was a fantastic show. The story describes the experiences of a young Cockney, Eliza Doolittle, as she is taught how to speak "proper" English by a linguist, Professor Higgins. The experiment, after much hard work, is a success; even the most elite can't tell she isn't a lady. Of course, in spite of her many suitors, Eliza and the professor fall in love, realizing this in the final scene.*

*The cast, orchestra, and crews put in six weeks of very hard work and were rewarded by standing ovations at each performance.*

*The cast and crew included: Debi Shauver as Mrs. Eynsford-Hill, Lori Ormiston as Eliza Doolittle, Adam Bolander as Freddy Eynsford-Hill, Scott Gillan as Colonel Pickering, Jeff Bemiss as Henry Higgins, Kevin MacDowell as Alfred P. Doolittle, Jennifer Beineke as Mrs. Pearce, Mandy Georgi as Mrs. Higgins, Bonnie Holloway as Lady Boxington, Phil Beineke as Lord Boxington, and Adam Reef as Zolton Karpahty.*

*Cockneys, Servants, Lords, ands Ladies included Greg MacDonald, Robert Lively, Andy Faley, Daymond Cole, Charles Worrall, Mike Harris, Dan Fox, Brian Domford, Kristyn Cox, Lix Dexheimer, Kim Christman, Amy Hook, Kim Johnson, Kira Downey, Sarah Behrendt, Susan Eckart, Amy Collinsworth, Monica Mattila, Deb Weinswig, Jennifer Smith, Sally Jinks, Brittany Tyler, Chris Ford, and Scott Gillan. Director: Terry L. Tucker. Orchestra Conductor: Deborah B. Kohlmeier.*

Colonel Pickering (Scott Gillan) and Mrs. Higgins (Mandy Georgi) discuss Eliza's progress.

"If you're in love, show me!" Now a lady, Eliza Doolittle (Lori Ormiston) is tired of men.

"I think you've been working the girl too hard!" complains Mrs. Pearce (Jennifer Beineke). "Nonsense!" replies Professor Higgins (Jeff Bemiss).

# Semi Formal Dance Features "Tradewinds"

Sparkling stars, glittering mirrors, irridescent bows, and draped garlands set the atmosphere for "Stardust '87", Snider's semi-formal. The theme colors this year were magenta and silver.

After a formal dinner, couples dressed in their finest came to Snider to dance to the music of the band "Tradewinds." When not dancing, students enjoyed the punch and variety of cookies as they socialized with friends and dates at candle-lit tables. A trellis and bridge provided the background for photographs.

This year, the very first raffle was held, and five lucky couples won prizes including MORP tickets, movie passes, and dinner for two.

A good time was had by all those who attended this January event.

Jennifer Kaacke and her date, Tom Tillawi, share a special moment together.

Couples enjoy themselves while dancing to the music of Tradewinds.

Missy Phillips and Lee Cline share a joke while dancing.

Trukton Fulton and his date look like true romantics!

A few couples decide to take a break and rest their feet from dancing.

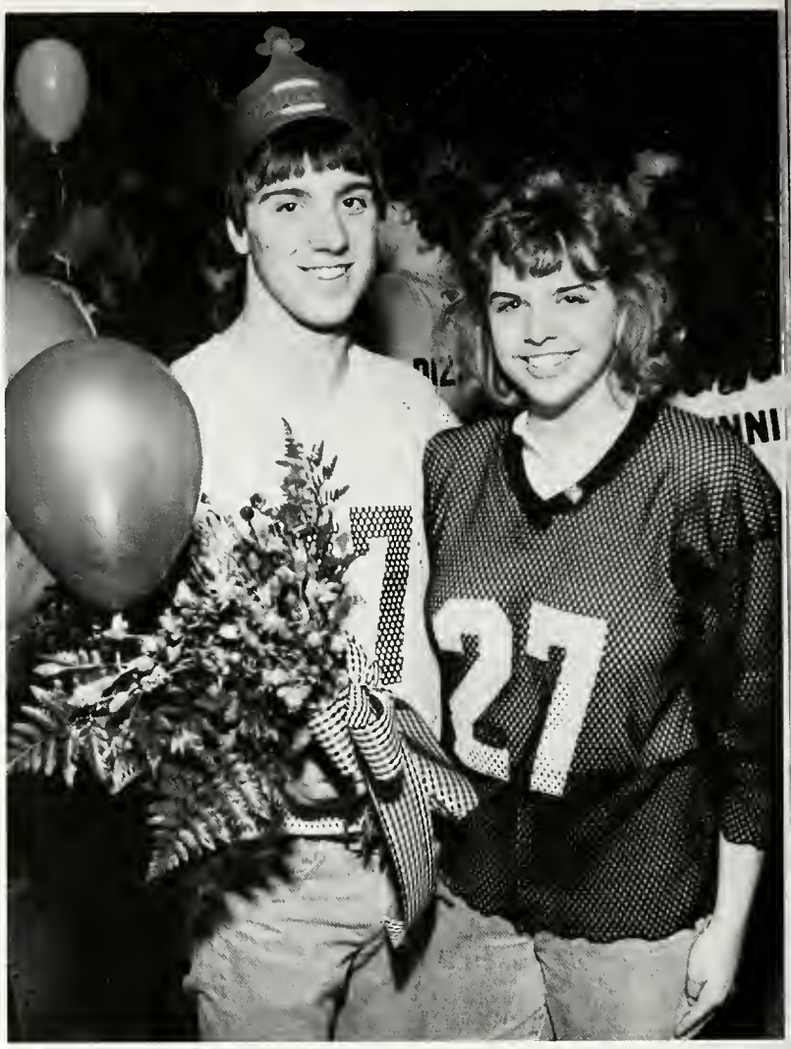
# MORP Sparks Superstition

Girls, did you ever wish that you were dating that "special" guy? Maybe he is just too shy to ask you out! Well, dances like the MORP can change that!

The MORP is the reverse of the PROM. Where the girl asks the guy out, and the attire is strictly casual instead of formal. In fact, the more casual you are, the better you look. Couples come dressed in sweatshirts, T-shirts and hawaiian shirts that look alike, but if you are daring — come dressed like a sanitation worker.

The MORP also gives the girls a chance to treat the guys to a night on the town. Ah! Ah! Not too expensive though, the cheaper the better! Maybe some hot spot like McDonalds.

All in all the MORP gives a night of fun, and with the 1986-1987 MORP being titled "Superstitions" makes you wonder about the MORP's to come!



The 1986-1987 MORP King named was Paul Koehl, pictured here with his escort, senior Angie Busse.

Crowds like these liven up dances and make them fun and exciting!

Laurie Stinson teed off to a night of excitement with her choice of a MORP date.

"Hey! Dancing is a piece of cake with him!" exclaims Mindy Phillips

Kacey Doehrman and Aaron Foltz dance the night away with Karen Menge and date right behind.

Couples like these take a break and relax while waiting for the next song to start.

# "Never Say Goodbye" '87 Prom Theme

Under the clear, picturesque night sky, the theme of the 1987 Junior/Senior prom, "Never Say Goodbye" held much meaning in the hearts of many who enjoyed the magical evening. The Junior class presented this year's prom at the Scottish Rite Auditorium, which was tastefully decorated in the prom colors of black, aqua, silver, and peach. The couples danced to the music of Dick Seeger's orchestra, while outside, a horse-drawn trolley drove through the streets continuously throughout the evening.

The night was highlighted by Lori Ormiston singing "All I Needed To Say". Then the evening was topped off with the crowning of the 1986-87 prom queen Beth Phillips.

Rebecca Norton and Tony Screeton dance to the theme song of the prom "Never Say Goodbye".

Some couples enjoy the trolley ride which was a special treat at the prom this year.

# Nelson Awards '87 Keep Tradition Living

The Nelson Awards here at Snider have become a tradition. Each year the senior class officers choose categories in which the senior class then nominates and votes for the best candidate in each of the categories.

# Banquets Feature awards, memories

The end of the year is a time for final get-togethers and reminiscing. The seniors dine out and enjoy final moments as a class. The speaker this year was Paul Helmke, Republican candidate for mayor of Fort Wayne. He spoke to the seniors of their future and encouraged them to contribute to society in some way.

While the athletes gather to give awards at their banquet, a large number of parents and fans attend each year to lend their support for a fine season of accomplishment in their various fields of endeavor.

Both banquets play a vital role in unifying the student body.

Ken Larmore and Brian Cook congratulate each other after "finally" making it!

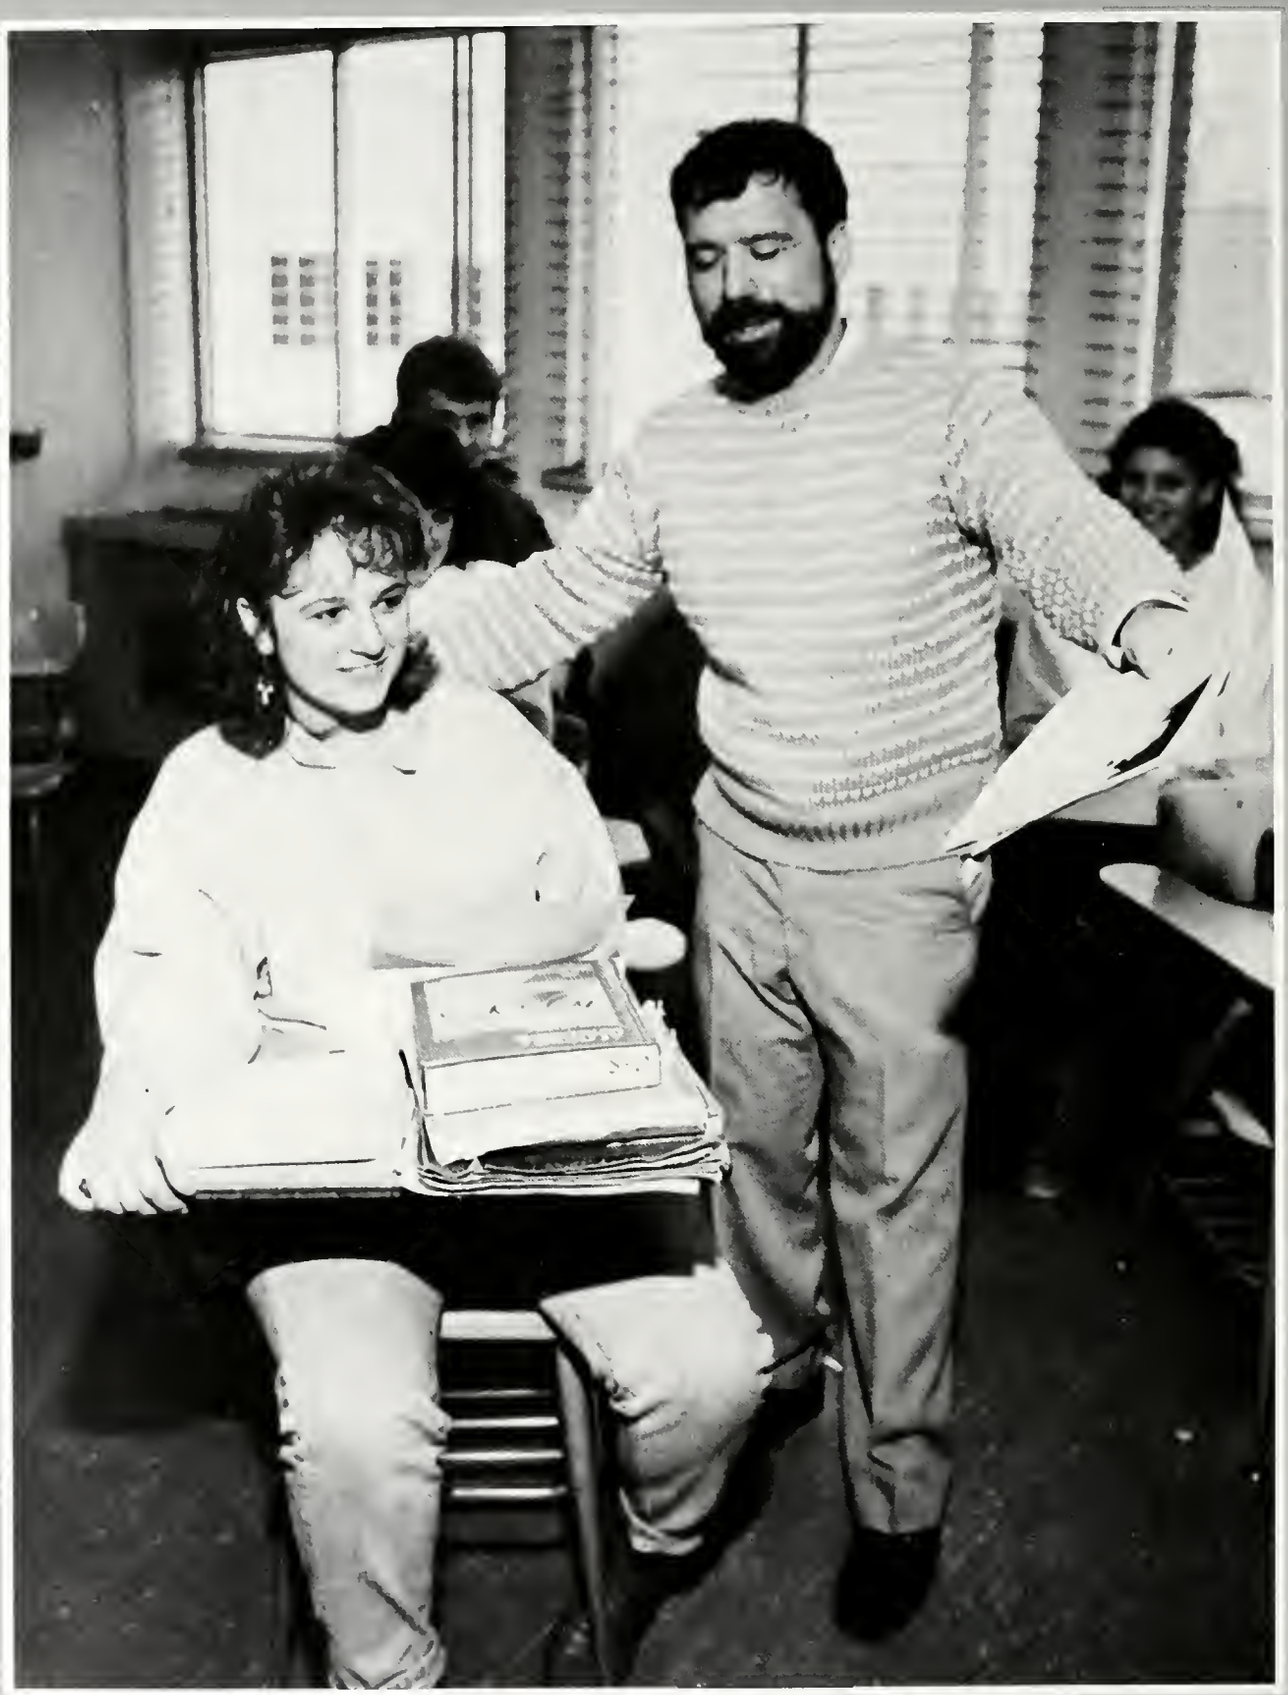
# Graduation The BIG Event

Graduation is one of the biggest events of a person's life. It is a solemn occasion filled with dignity and awe. Most students view the ceremony as a joyful time of family togetherness and celebration. A few just want to "get it over with" so they can go on with their lives and forget school and all its loathsome routine.

Graduation also means commencement. A time to start again on a new phase of one's life. Whether it be a career, marriage or just more schooling, it signals a time of new independence and freedom, and that's what growing up is all about. Education is only part of a long process, but a major part of this achievement is your high school diploma.

The Class of 1987 gathered for the last time on June 3, 1987, commencement night.

Mr. Jerry O. Petrie delivered his speech to his last graduating class.



# IN Clubs/Academics

*Excellence is what Snider is all about. Whether in the classroom or participating in club activities, students have made the grade. Foreign languages are a big part of the curriculum with large enrollments year after year. With the addition of a well-equipped café, classes can prepare and serve many native dishes. Mathematics, science, English and the practical arts all encourage Panthers to be the best they can be, whatever the class or activity. Through speech team and V.I.P., students can compete, as well as contribute to their fellow man. When given the opportunity students achieve their mark.*

# *Foreign Language Interest Grows*

Although there were no major changes in curriculum or the staff, this year, the language department participated in many activities, as students excelled in their studies of the four foreign languages taught here at Snider. The department has been focusing on careers utilizing foreign language knowledge. They also conducted an extensive survey of graduates, to find out how they have been using their foreign language skills in college.

Three students from our department were selected to participate in the Indiana University Summer Honors Program. Fred Ibarra and Ida Thong will be studying in Mexico for a total of seven weeks while Abby Franke will study in France. The students will spend four hours a day in the classroom with other American students, studying the foreign language of their host country.

# Foreign Language Sparks Spirit

*The foreign language department of Snider High School is ranked among the best in Indiana.*

*Quality of instruction takes place in it's rooms along with enthusiasm, dedication, and interaction between students and teachers.*

*A variety of courses makes this foreign language department unique. Special programs such as the Glenwood Elementary School project in Spanish and French conducted entirely by the students, under the guidance and direction of their teachers is making a big impact in this school community. There is not a dull moment in any language class at Snider.*

*A Christmas party and a skating party were just a couple of the activities planned and organized by the club presidents. Everyone enjoyed the parties and much spirit was apparent.*

*Most students when leaving Snider will have at least one foreign language tucked away for future use. Three young businessmen visited Snider this year and explained the advantages of knowing a second language. Most left the discussion with the understanding that the knowledge of learning a second language would be very helpful in the future.*

*Junior Julie Dinius voiced her opinion on foreign language, "It helps a person in a couple of different ways. One is the obvious, knowing a second language widens a persons knowledge and second, it helps a person in the long run."*

During a Spanish cafe, these students busy themselves with a game of Spanish Scrabble.

# History Builds On The Past

*The History Department is complete with a large variety of courses to help prepare Snider students for the future.*

*A student needs a good understanding of why we are here today and how our ancestors brought forth such a great nation. When leaving Snider High School one can leave with at least a better understanding of our country and how it is run. Today, classes such as U.S. History, Government, Economics, World History, Anthropology, Psychology, Sociology, and Good vs. Evil can be taken to further one's History background. Although U.S. History and Government are required courses, many students agreed that if given the choice, they would still choose to take these courses. All the other history courses are kept at Snider because of the continued popularity.*

# *Business Department Proves Successful*

*The Business curriculum consists of many different branches of study; Business Administration and Accounting, Distributive and Cooperative Office Education and Clerical. The Business Department provides excellent training for students planning to enter the world of business.*

*Not only are the business courses attractive to would-be secretaries, business men and women, but also they aid students in typing skills. Accounting and Bookkeeping can help in balancing check books and in making up personal budgets. Shorthand can be used in taking notes, an area in which everyone is looking for ways to improve.*

*Distributive and Cooperative Education offer on-the-job training complete with credit. Many Fort Wayne businesses participate in these programs.*

*All of the courses are vital to those interested in a business career, plus they have practical application.*

# Physical Education trains for future

*The Snider Physical Education Department added a new class to its curriculum this year, Aerobics and Fitness. Emphasis is placed on lifetime fitness for the students. At least one day a week is spent doing work in the classroom so as to educate the students on such important areas as anatomy, injury prevention, nutrition, and target heart rate zones. Body composition tests are given so that each student knows their per cent of body fat and per cent of body muscle. Another goal is to have fun getting fit, so that students will want to stay involved in fitness activities for the rest of their lives.*

# *Language Arts Skills Used In Speaking, Writing*

*The Language Arts Department encompasses several skill areas including speaking, writing, and listening. Students have an opportunity to use these skills through speech team and journalistic endeavors such as the school newspaper and yearbook. Valuable communications experience can be gained through participation on the publications' staff and by competing with other schools in speech and debate.*

*Learning to work within a deadline and following directions from a publisher sometimes makes the pressure build. Working with new tools such as photo croppers, pica rulers and making exact measurements on pictures, leaves little room for careless errors. Spelling names correctly and identifying team members is an on-going challenge. But through good leadership and cooperative teamwork, young people learn to cope with "getting the job done right".*

*In many areas today, when attention to detail is a forgotten skill, English students find they are being held to the mark of excellence. In writing particularly, communication can be an exacting process of following rules and standards. But through self-discipline and organization, students can learn to use their skills to communicate their ideas effectively, thereby making the world a better place in which we all can live.*

# *Math Department Offers a Variety of Choices*

*The Mathematic Department's curriculum offers a wide variety of choices for its students. The new policy requires three years of math, starting with the class of 1988, to graduate, but many students take it a step further.*

*If algebra and geometry can not satisfy a students mathematical goals, then they are offered courses like trigonometry or pre-calculus. The department also sponsors a math club for the students that are interested in mathematics. The Math Club and Indiana Math League participate in local and state wide competition.*

*With all of the experience gained through the classroom and the math clubs, Snider High School students find that they are well prepared for the future. Students can be proud that they participated in this well established department.*

# *Fine Arts Groups Enjoy Success*

*The Snider Marching Band began preparing for the 1986 season early in June. They started the year with high expectations, an intense schedule and some exciting performances.*

*The season opened with the all-city Marching Band Festival with the band placing a modest third. Next, it was onto the Kokomo Tournament of Champions, where they marched away with trophies for the best flags, best marching, best general effect, class A champions, and Grand Champions. The following weeks included I.S.S.M.A. District and Regional competitions where the band received awards for the best auxillary and the best music. At the regional competition, the band earned a spot in the state finals and received the second highest score of any band in the state. At state finals, the band placed a respectible eighth of the only ten class A high schools who made it. The last competition for the band was the Marching Bands of America Regional competition in Akron, Ohio. There the band won third place as well as best flags. It was a successful season for the Snider Panther Marching Band.*

# *Fine Arts show class*

*The orchestra, bands, and choirs all contribute to a school and community's cultural atmosphere, and Snider has a proud tradition of excellence in these fields. Opportunities abound for students of all interests and ability levels, with some classes meeting during and after school. The concert, varsity and swing choirs perform in many competitions, including the state's ISSMA. Their performances in the Christmas choral concert delighted everyone! The time the fine arts department contributed to the fall play and musical made both a big success. Overall, Snider's dedicated students and competent instructors in the fine arts department make it an important asset to the surrounding community.*

# Science Provides Student Opportunities

*The 1986-87 school year provided Snider science students with many opportunities for achievement. Four students placed in the top ten of the American Chemical Society Test. Two of them were chosen to participate in a nationwide Chemistry Olympiad. Seven students won several awards at the Fort Wayne Regional Science Fair and for the sixth straight year at least one Snider student participated in the International Science Fair.*

*Other students entered other state and national science contests and competitions, winning scholarships and various types of recognition. For example, Angela Buschur won a trip to the International Science Fair by winning a first place award in the Hoosier State Science Fair, held in Indianapolis. Each year dozens of students pursue successful college careers leading to employment as engineers, research scientists, medical professionals and other science related fields.*

*In order to provide students with adequate science skills, Snider offers a wide variety of classes at all levels. An excellent staff provides leadership and help to make Snider one of the higher ranked schools in Indiana.*

# *Practical Arts Train For Life*

*Practical Arts involves some of the most useful classes offered at Snider. It offers a good foundation for those who are seriously thinking of making a career out of a practical art; whether it's general shop, woods, metals, electricity, graphic arts, or drafting. But for those taking it just to learn the basics it's also a good choice. These classes require a lot from a student, but in the end, the finished product is well worth the work.*

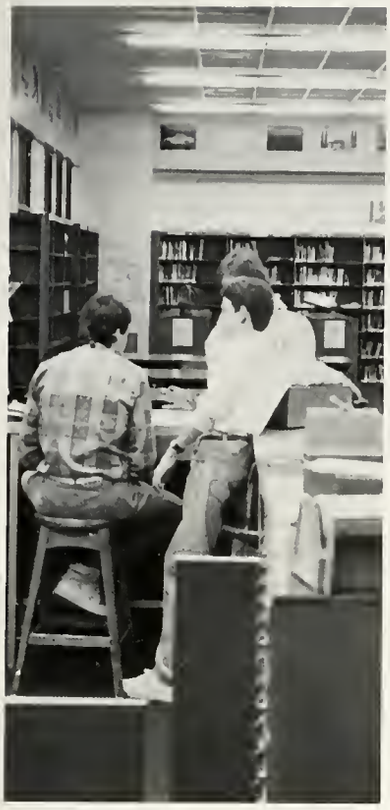
Sophomore Denise Elbrecht appears to be serious about her English assignment.

Junior Debbie Niewyk carefully completes her Algebra assignment with a smile.



# Media Center Offers Services

*The Media Center offers a wide variety of services to Snider's student body and staff. Formerly known as the Library, it is no longer merely a place for storage of books and films, but also contains a fully equipped television studio. Student television productions are aired weekly over our own WRNS station.*

*Audio-visual services are still provided to teachers in the traditional way. Numerous films, filmstrips and records are available on every subject.*

*Computers are also supplied to classrooms and workrooms for teachers as well as students use.*

Senior John Zern and Sophomore Robb Hamm help a fellow student with a library matter.

# Speed Limit to 65

For those who said, "I can't drive 55!" had no reason to fret anymore as of June 1st. It marked the first day of the speed limit change from 55 to 65 miles per hour. Even though most of us don't take major highways to school; we do occasionally use them to get to work, to get to major shopping centers, or to use them just by means of a vacation route. Junior Darren Vogt commented, "I think it's great because traffic can now move more steady and you can get to places faster." However it may help or affect you, it proved to keep the highway traffic at a faster, more steady beat.

# Fergie and Andrew Wed

This was the year for watching the Royals! Sarah Ferguson (Fergie, for short) was married in high style to Prince Andrew. Rumor has it that Sarah Ferguson and Lady Diana are quite the pals and often share clothes, jewelry and the like. Coming into some criticism also were "Fergie's" plain, outspoken manners and casual if not slouchy appearance. Well so much for Royalty!

# Bakkers Fall From Power

Another of the scandals that broke this year was the fall of the PTL founders, Jim and Tammy Bakker. It seems Jim had been involved in an adulterous affair some years ago and had paid "hush money" of over two hundred thousand dollars to keep it quiet. Also, Tammy's dependence on drugs, had caused her withdrawal from the show for treatment, leaving the PTL group severely in debt. In the meantime, Jerry Falwell had supposedly made attempts to take over the PTL network.

# Iran-Political Scandal Of Year

The big political scandal of the year was the Iran scam or Irangate as some people called it. It seems that some members of the National Security Council and a couple of retired generals were involved in selling arms to Iran and diverting the profits through a Swiss Bank account to the Contras in Nicaragua. President Ronald Reagan has long been a staunch anti-Communist and many people felt he was using this scheme to get around the Boland Amendment which Congress had passed to cut off U.S. funds to the Central American Freedom Fighters.

## AIDS Deadly Disease

The big fear of the year was AIDS. Spreading into the heterosexual population by a 100% margin, no one could believe that this devastating disease was incurable in this day of miracle drugs. While sales of condoms surged, the evening newscasts were filled with thin, pale victims breathing their last on national T.V. Warnings and desperate appeals for "SAFE SEX" could be heard across America. Young people not yet involved in intimate activity were warned to watch out. Considering the size of the virus, AIDS does not go unnoticed. It is about one sixteen-thousandth of the head of a pin. This tiny virus eventually destroys the cells, weakening the vast immune systems of the body.

# America's War Against Drugs

## Say "No!" to Drugs

With the increased usage of drugs among teenagers, Nancy Reagan decided it was time for a change, starting the biggest and most successful campaign against drugs ever. Sponsoring poster contests for elementary and junior high level kids, Mrs. Reagan hoped to establish an understanding among children that it was okay to say "no" to drugs. To reach the high school kids, Reagan helped create commercials starring popular television personalities during teen-viewed programs. She hoped to convince kids that they did not have to take drugs to have a good time. She also discussed the effects drugs would have as kids became dependent.

Mrs. Reagan spoke around the country on these issues reaching thousands of young people. Later as the campaign became more and more successful, Nancy Reagan pushed Congress for mandatory drug testing for athletes.

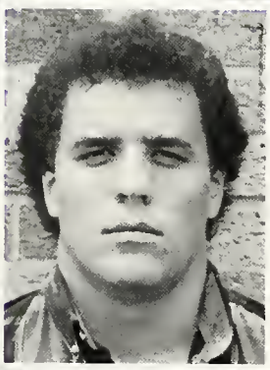
Major companies also added to the campaign by having their employees take a mandatory drug test. This drug-testing law is not to punish those on drugs, but instead to help those who have a problem.

Tom McKean, a former drug addict, drug dealer, alcohol abuser, and ex-convict, has definitely left his impact on Snider High School. This year marked his second success on his talk about drugs.

A survey was taken from 50 willing freshmen about his visit. When asked if they learned much from him, forty-two said yes, seven said no and one didn't know for sure. When asked if they felt he reached students who have a drug or alcohol problem, thirty-five said yes, eight said no and seven didn't know for sure. The fifteen students that either said no or they didn't know for sure felt that the listeners who had a problem wouldn't change their feelings about drugs and alcohol and will continue to abuse them.

His talk was not to stop the drug and alcohol problem but to take a real-to-life situation and let the students be aware of what the consequences are when one abuses them.

## VOICES FROM ACROSS SHS/ How do you feel about the new drug tests?



Brett Gemlick - grade 12
"I agree with them, because all athletes should be free from unnatural substances in their bodies so all competition will be fair and even."

Melissa Rinehart - grade 11
"I feel that this drug testing proves that there are drug problems in even the athletic world; it has been long awaited and can only help the nationwide drug problem that much more!"

Holly Fiedler - grade 10
"I think athletes should be tested, because if you are going to be in a school related sport, then you are representing the whole school."

Matt Vince - grade 9
"I think its a good idea because young athletes look up to the professionals and may get the wrong idea about the players and the sport itself."

Mrs. Eleanor Shaw - teacher
"I think it's a good ideal Anything that helps deter drug use among athletes is bound to help out."

## Girls Soccer Wins City

The Lady Panther Soccer team blew away Bishop Dwenger to become City Champions for the second season in a row.

In the round one game, Snider tackled Homestead two to one. The Lady Panthers went on to beat Concordia three to zero, before entering the final game with Dwenger, where the girls captured the crown two to zero to win.

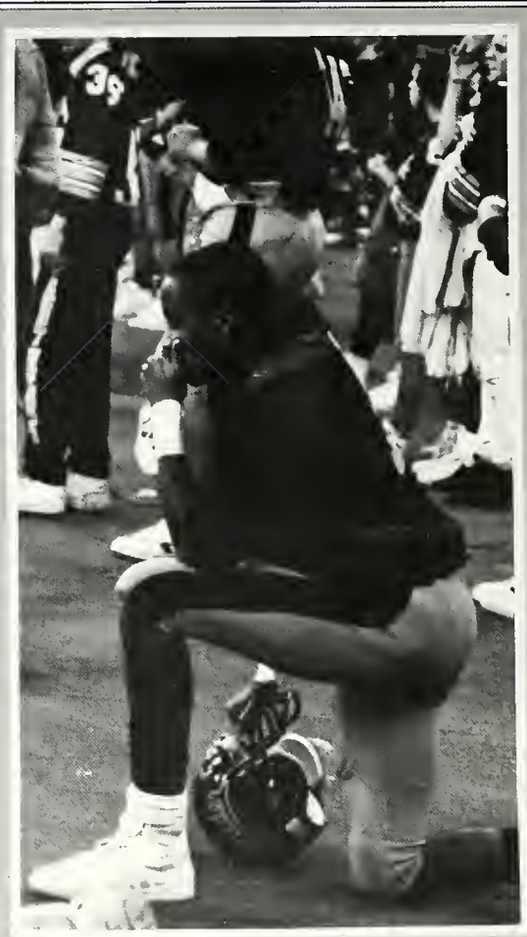
The indoor team was coached by Rick Foltz again this year. Team members include: Lucy Ellison, Laura Miller, Missy Phillips, Mindy Phillips, Jenny Zimmerman, Krista Hamlin, Shannon Foster, Kelly Degnan, Deena Dekoker, Nina Larsson, and Susan Roebel.

## One Game Short

One game short. After all the dedication and determination put into the season by the Snider football team, one more victory in a year filled with many, seemed easy. All that was needed was a victory over Carmel, and the Panthers could win their first IHSAA football title. But, Snider lost to Carmel 20-17 in the overtime of a hard-fought game

In defeat the Panthers leave behind many successful and happy memories of a great season filled with a 13-1 record, a season-long number 1 ranking, and SAC, Sectional, Regional, and Semi-State titles.

In the contest senior Vaughn Dunbar lived up to his All-State honors, dazzling the crowd with many long runs, while Brock Rohrbacher remained the team leader as he received the mental attitude award.



This player expresses emotions which the whole student body felt on that day.

## Girls Softball Fares Well In First Year

It was the first year for the Snider Softball team. Captains Deena Dekoker, senior and Julie Dinius, junior went with their team through the ups and downs of the bumpy beginner season. During the short month of their numerous games and practices the softball team become tougher to beat. Their season ended with a loss to Northside in the Sectionals by a score of 10-2.

The team members for the 1987 season included: Deena Dekoker, Juilie Dinius, Tracie Kiracofe, Nancy Heck, Cindy Bice, Lori Stano, Toni Brown, Bonnie Gill, Jenny Sandman, Missy Phillips,- Missy Conrad, Lynetta Fish, Tonja Cook, Michelle Busche, Tara Kreider, Lori James, Laura Troop, and Tami Sampson.

Great first season girls!

# Stinson 7th In State

Lori Stinson, junior, went into the Girls State Golf Championships, as an individual. The rest of the team was not there, but she represented the entire Snider golf team well by placing seventh. Shooting an 80, she was ranked seventh in the state.

Stinson earned her way to State by placing third in Sectionals and fourth in Regional competition. Her place at State, was the first time in history that Snider's golf team has ever been represented.

"I was happy. The course was in good shape and it was a beautiful day to play!" said Stinson.

At the beginning of the season, she set her season goal as competing at State. Through Coach Dave Lindquist's guiding and the rest of the team's encouragement, she succeeded.

Stinson has one more year to improve her performance, and maybe bring the team with her to State next year.

# Alford Receives Red Coat

To a rousing standing ovation from a wildly partisan crowd, Steve Alford, who led Indiana University to a fifth NCAA men's basketball title in March, was honored as the Mad Anthony's Hoosier Celebrity of the Year.

Alford accepted the traditional red coat from Muncie cartoonist, Jim Davis, the 1986 winner.

Alford had 2,438 career points, which placed him first on Indiana's and second on the Big Ten Conference's all-time scoring list, and the intangibles which helped him lead Indiana to the NCAA title and enabled him to finish second in 1987 Player of the Year behind David Robinson.

# LIFE

## KING RECEIVES AWARD

Although beginning as a terrible tragedy, it has resulted in an inspiration and motivation for others. The death of teacher-astronaut Christa McAuliffe has brought about this change through a program, in her name, which recognizes teachers who exemplify McAuliffe's outstanding ability to teach science in an innovative way. For 1986, the outstanding teacher and first recipient of this recognition, the Christa McAuliffe Memorial Award, is Snider science teacher, Mr. Ted King.

## Movies of the Year

From gross to gripping, sequels to sexy, the movies of the year invade some incredible landmarks. The top grossing movie of the year "Top Gun," which starred Tom Cruise, raised the Navy enlistment 100% a week after it was released.

Another Armed Forces movie, "Platoon," was the most realistic, eye-opening movie this year. It drove home the facts about Vietnam.

## New Attendance Policy-A Success

Snider High School undertook a new attendance policy this past year. It quickly became a very effective plan to lessen the extreme problem of tardies and absences.

Tardies dropped from about 120 to 20 tardies a day. The tardy plan goes as follows; if a student is tardy he will have to serve an hour detention after school. No excuses accepted!

As for the number of absences they also decreased by 20%. A new call-in system, will record a student's message saying that they will be absent.

Though there are a few flaws with the policy, it has proven to be successful.

## LIBERTY WEEKEND

Liberty weekend on the July fourth weekend during the summer of '86 demonstrated the pride we Americans have in our country. This gala event involved much time and money, practice and planning; but it all proved that the weekend was a great success.

The celebration honored Lady Liberty's 100th birthday in the United States. Reconstruction began before this event took place and on her birthday she was unveiled. One could feel that the world was at peace for at least one weekend last year!

Fireworks were just a minor part of the celebrations during Liberty Weekend.

## Teacher Dispute Over Contract - Finally Settled

Teachers started out this year on a sour note with frustration and hopes of an early contract settlement. But many months had elasped before the negotiations finally drew to a close. After a state fact-finder was brought in the teachers agreed to a 5-5-5 percent pay raise for the next three years and no increase in the class sizes, an issue that caused many disputes while being debated.

Was it worth it? Some said "no way", but others, battle weary with doubt, were just glad it was finally ALL OVER.

Teachers could finally go back to doing what they do best, their job - educating the students.

# "Cosby Show" Tops Charts

Throughout the weeknights everyone finds themselves bogged down with busy work schedules, homework, practices, and other after-hour activities. But, amidst it all everyone finds the time to spare, when they can sit down and watch a favorite T.V. show.

Every Tuesday night millions planned their schedules around the hour between 9:00-10:00 p.m. - Moonlighting time! The steamy chemistry between David and Maddie drew viewers to the television for an hour of their comical bickering. Likewise, every Thursday night millions rushed through dinner and got settled in time to watch the Cosby show. The tummy-tickling antics of this middle-class, All-American family endear the hearts of young and old all over the nation. It also stayed on top of the charts for twelve weeks straight proving to be a T.V. smash.

# Clinic Educates Smokers

A Snider student caught smoking no longer had to serve three days of ISS this past year. The new smoking policy requires the students to attend a smoker's clinic. It is organized by the administrative staff here at SHS with the help from a local group for the American Lung Association.

This program shows the students some of the immediate and prolonged effects smoking has on the body. It is not intended to scare the students but to inform them of the dangers of smoking.

# Thong-Beineke Named Val, Sal

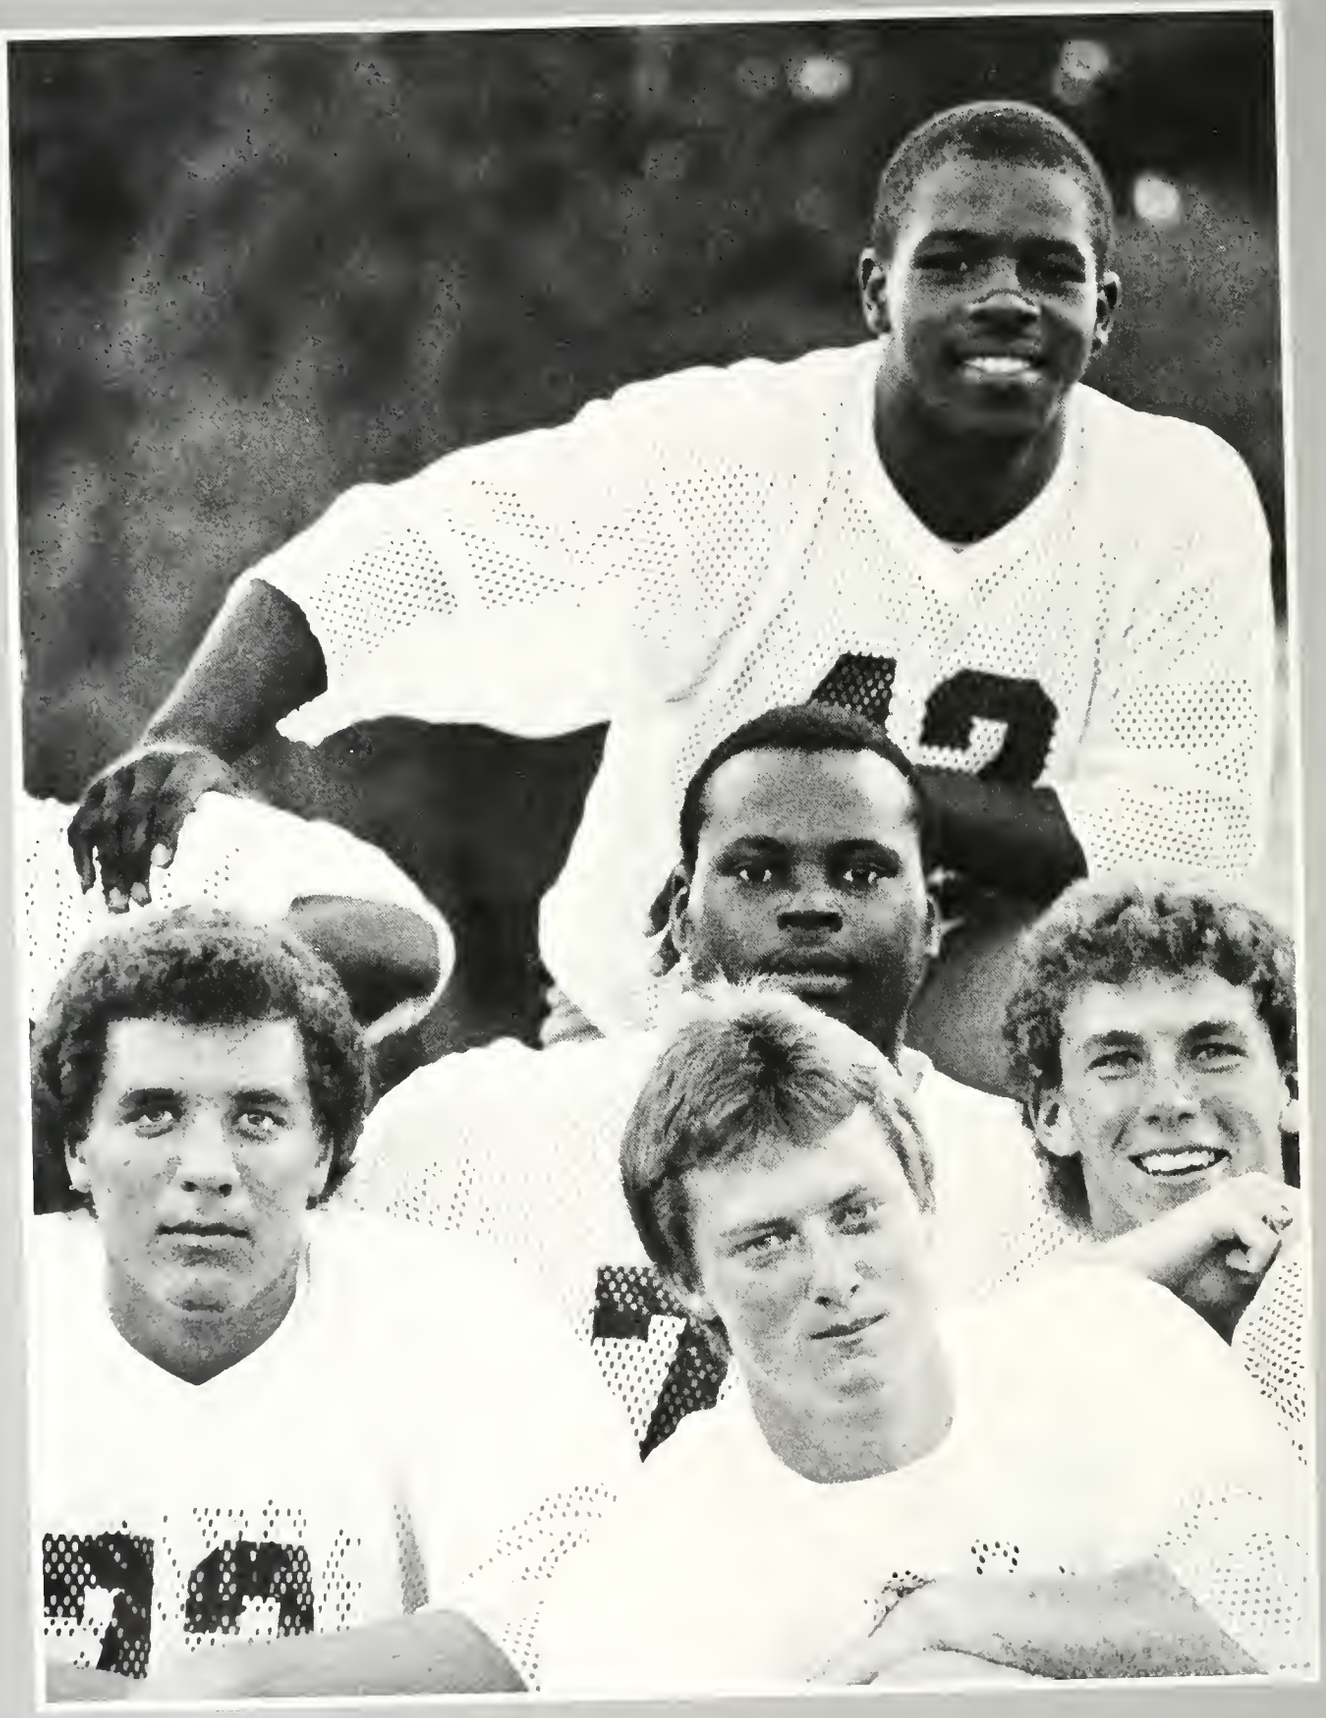
Sam Thong and Jennifer Beineke are the Valedictorian and Salutatorian for the 1986-1987 school year.

At Snider, Thong was involved in many activities including leadership of student council to Editor of the *Scroll*. He participated in the Hugh O'Brian Youth Foundation International Leadership seminar in his sophomore and the U.S. Senate Program in his junior year. He plans to attend the University of Chicago.

Beineke is graduating with a 11.788 G.P.A. In her sophomore year, she represented Snider at the Ball State Leadership seminar and participated in the Richard Lugar Symposium for Tomorrow's Leaders in her junior year. Being president of the speech team, cast member of drama productions, and a very involved member in the music program are among a few of her accomplishments. At Purdue University, Beineke plans to major in mathematics.

# Constitution Celebrates 200!

The 200th anniversary of the Constitution was celebrated this year with parades in Washington, D.C. Enjoying the day's festivities which included reliving the 1700's, people of all ages were proud to be celebrating the freedom of our country. Learning about the Constitution and the United States' unique government, hundreds of people took part in the activities of the day, happy to be in the land of the free.



# IN *Stride*

*This was the year of the Panther. Snider dominated the fall sports scene in the state with its mighty football team, the strongest ever. Off to the Dome we went with high hopes for a State Title but it wasn't meant to be. Fame may have eluded the Panthers, but the fans who were devoted and loyal appreciated the chance to go and remember the glory. Snider has always made its mark in cross country, tennis, basketball, and baseball, and will not be forgotten among the schools that are builders of champions.*

Senior football players take out time for some fun during the jamboree.

# Cheerleaders Keep Up School Spirit

*The 1986-1987 cheerleading year was one of the most exciting in Snider's history. All four squads, which consist of the freshmen, reserve, junior varsity, and varsity teams worked hard preparing for the first pep rally of the season. The girls carried this power of endurance during the fall sports and on into the winter and spring. Their enthusiasm created high spirit wherever they went. Colorful signs were made each week along with other things for moral support. Much time was spent baking and making locker decorations. The squad worked with popular new ideas to generate school spirit and kept their energies high, no matter if the game was won or lost.*

*The highlight of the season was the trip to the Dome in Indianapolis. It made all the routine practice worthwhile just having the chance to go.*

*The cheerleaders support made all of the 1986-1987 sports seasons more energetic and therefore more memorable.*

J.V. member, Tricia Miller, shows much endurance during the school song.

Angie Busse takes this situation well as she is literally creamed and shaved during one of the cheerleading skits.

Martha Bloom: "This year, my senior year, was just fantastic! All four squads became really close and the sponsors were terrific, too. Cheering for football and STATE was something I'll never forget."

Angie Busse: "I'm glad I got the opportunity to cheer for Snider for four years. It will always be a very special memory to look back upon in future years."

Ronette Woodson: "Cheerleading was a very rewarding experience and it helped me to have a positive attitude. It also helped me learn how to relate with people.

# Panthers Achieve "Dream" Season

*The Snider Panthers added to their football tradition by making the 1986 season the most successful in Snider history. The Panthers, rated number one in the state from season's beginning to end, posted a 13-1 season record and a 8-0 SAC mark.*

*Along the way Snider successfully defended SAC, Sectional, and Regional championships obtained last season, while adding the Semi-State title this year. In that game, a long hard fought win over Valparaiso, head coach Mike Hawley recorded his hundredth victory. The Panther's season can be described by their Homecoming win over Northside. In that game, Snider crushed the Redskins 56-10 for the SAC title and victory bell. Although the team didn't achieve their goal of a state title, they earned great respect throughout the state by working hard and striving to reach their goal of a "dream" season. Snider was lead by All-State performers: running back Vaughn Dunbar, linebacker Brock Rohrbacher, and kicker Brian Cook. The Panthers also placed 10 players on the All-SAC first team.*

*Great job Panthers!*

# Reserves Close with 5-2

*The 1986-87 Snider High School football team finished with a winning season of 5 wins and 2 losses. The only losses came to Northrop and Northside. The Panthers will be very strong for the next couple years. There were juniors and sophomores that played varsity, Juniors coming down were: Reggie Burton and Mark Steinburg at fullback, Darren Vogt at center and linebacker, Al Page and Doug Smith as defensive backs, and Al Lewis, John Hall, Tom Askins, and Todd Hartman as receivers. Next year the Panthers will be very strong on defense, and in the backfield, but the main concern is the line. Most of the line, except Jeff Watson graduated.*

*There will have to be a lot of extra hard work during the summer for the football team in order to keep the SAC bell, and have an undefeated season. They will have the pressure of going for a third straight season in winning the SAC conference. No matter what though, Snider High School is promised a strong football program for the next couple of years, therefore retaining the honor of Snider High School as having one of the best teams in the state!*

# Spikers Post 24-3 Record

*The 1986 volleyball season began on August 27 with a three-way round robin warm-up with North Side and Northrop. Both matches were victories for the Panthers. Snider also won the Concordia tournament, defeating unbeaten Northwood, 15-9, 15-2, in the final match.*

*The Snider spikers were runners-up in the SAC, with an 8-1 record. Bonnie Gill, Donna Gill, Kim Kumfer, and Cara Beth Lee were voted first team All-Conference.*

*Shortly before the Sectional, Snider had ranked 14th in the state. This was the highest ranking of any team in the area. Defeating Northside Snider won its first Sectional Championship after twelve years. In Regionals, it looked as if Snider would be victorious, but Snider was upset in the final match by Wayne.*

# Reserves Hit By Injuries

*The reserve volleyball team had a season of ups and downs. Under the direction of first year coach Jill Petrie, the team posted a 7-12 record.*

*The team started strong, winning their first two games. As they began conference matches, however, injuries to key players such as captains Missy Conrad and Karen Fazekas, caused the team to readjust the line-up.*

*Injuries caused many line-up changes and soon the two freshmen, Jill Rohrbacher and Yolanda Naylor found themselves in starting roles.*

*Toward the end of the season the team began taking shape. The weeks of work and a solid starting line-up helped the team play well in the SAC reserve tournament. The team ended the day in third place behind Elmhurst and Wayne. Sophomores Lucy Ellison and Karen Fazekas especially showed strong play that day, leading the team in kills and assists, respectively.*

*"It was a fun year for me," quoted Jill Coach Petrie. "I was pleased with the way the team continued to work despite our record. They improved greatly throughout the year, and during the tournament. The work finally paid off!"*

*The Snider boys' Cross Country team continued its winning ways in the 1986 campaign with an 18-1 record. A school record fifty-seven meet winning streak was established, but North ended it by beating the harriers in a meet at Columbia City. The Panther pack won the Briun Invitational for the third consecutive year, with the seniors winning their division for the fourth straight year!*

*Four Panther runners earned All-SAC honors: Doug Nern, Ken Richard, Brandt Douglas, and Brian Klender; with Doug Nern winning an unprecedented fourth straight selection by defending his crown as SAC champion. Nern went on to win the Sectional and Regional championships as well, and finished seventeenth in the state meet with a time of 15:33 to earn All-State honors. The reserves and freshman also had a good year, finishing 10-1 and winning the tough freshman-sophomore division of the Manchester Invitational.*

# Pucksters End 10-3-2 !

*The 1986-87 Snider Hockey Team had another successful season. Their club ended with a record of 10 wins, 3 losses and 2 ties. The pucksters finished their regular season with a proud second place; only six points behind number one rated New Haven.*

*Doug Smith led the Panthers in scoring for the regular season. He had fourteen goals and sixteen assists totalling thirty points. Fred Knipscheer followed with seventeen goals and ten assists totalling twenty-seven points. Wade Stuckey ended his regular season with a total of twenty-four points. Senior, Keith Lindenberg was an excellent goalie with his fine record of 5-3-2.*

*Mike Becraft, also a senior goalie, had a perfect record of 5-0-0. Mike led all goaltenders in the league, but suffered an injury early in the season and had to sit out for the remainder of the season.*

*The 1986-1987 season proved to be another of the pucksters finest.*

# Snider Soccer The Best

The Snider Soccer Club was considered as one of the best in the city. Coached by Greg Roberts, the team went 8-2 in the regular season losing only to Luers and Canterbury. The team fought hard in the post-season tournament. Snider has never been able to defeat a private school until this year when they annihilated Bishop Dwenger 5-1. The team went all the way to the semi-finals and ended the season losing to Canterbury in a hard fought game. The returning players will provide a strong team for next season.

Greg Roberts received "Coach of the year" award while Francisco Martin and Chris Dodge were selected to the All SCSC team. Matt Bartholow received Honorable Mention.

# Panther Season A Succes

*The 1987 Snider Boys Basketball team was a group that did a good job of working toward their potential, perhaps a group of overachievers. "They were not only a fun group to be around, but also fun to coach," stated Coach Crawford about his team. This team came along well and were very good at the end of the season. They played the outstanding Marion team well, upset a strong Harding team in the Sectional, and lost by only two points to an excellent Northrop team in the Sectional finals. It was the Panther's third straight year of reaching the Sectional final.*

*The team did not have a great deal of size. They were small considering the competition, but the Panther's started off the season well. Coming into the year, Snider was a very inexperienced team. The only returning player with much valuable Varsity playing time was Herb Jackson. Snider surprised many when they won their first two games of the season, over Wayne and South Side. What followed from this point was a Panther season full of many ups and downs, but mostly "ups!"*

# Reserves Finish With 9-11

The 1986-1987 reserve boys basketball team improved tremendously throughout the season.

The season started out on a bad note, mainly because three of the starters had just come from football. Now they had to adapt quickly to the new environment. Another factor was Bob Williams, who was out with a knee injury for two weeks. After a month the team started showing improvement. The attitude the team had and the great coaches was a major factor of the team's well-deserved success.

The team finished the season winning their last four games. The season was capped with an upset of Marion, whose reserve team was 19-0 coming onto the final game. The reserve team finished the season with a 9-11 record.

Bob Williams: "I'm looking forward to playing on the varsity team next year. There will be a new and different coach, and I think it will be a good experience."

# Second Best Team In History

*The Snider girl's basketball team had an excellent season this year. Their success seemed to come from the team's well balanced scoring and the team's unity. The team finished their season with a 16-3 record, which was the second best record ever in the history of Snider. Their losses went to Northrop early in the season, Dwenger in the S.A.C. Holiday Tournament, and then Dwenger again in the Sectional Tournament.*

*There were many highlights in the girl's season. They won a couple of games by fifty points. They won the Laporte Holiday Tournament, of which Donna Gill and Lori Stinson were named to that all tourney team. They also set a school record by averaging 63 points per game. They ended the year as the 9th ranked team in Indiana. Many underclassmen were on the team this year, so that will mean returning players next year. There is no doubt Coach Kilmer and the returning girls will be just as successful.*

Junior Jenny Herman gets the shot up though while her opponents try to block it.

Junior Lori Stinson looks for an open player to start some action in the first play of the game.

# Reserve Has Winning Season

*The reserve basketball team, consisting of a combination of sophomores and juniors, rode through the hills and valleys of an eventually rewarding season. With the sophomores fresh from their weekday games teaming with the juniors striving for a spot on the varsity squad, the reserves sometimes struggled to mesh their play on the court. Individual achievement was not stressed, however, and various combinations of players led the Panthers to vast improvement throughout the season.*

*As their near .500 season would indicate, the Snider reserves' wins and losses were evenly distributed throughout their schedule of games. After opening with a strong win over Wayne, the team earned a hard fought runner-up spot in their holiday tournament by deafeating arch rival Dwenger. Building upon that performance, the Snider team was involved in several close and exciting contests during the second half of the season.*

*After avenging an earlier loss to Northrop, the Panthers' steady improvement culminated in an intensely played and rewarding victory over a previously undefeated reserve team from Marion.*

*The Reserve Coach is Joe Miller who helped the girls achieve a record of 12-4.*

*The Freshman established a 6-8 record. Their coach for the 1986-1987 year was Pat Jackson.*

# Young Team Performs Well

*The 1987 gymnastics season proved to be very rewarding. With only two seniors, Linnea Fulkerson and Cindy Clauss, much of the pressure was put on underclassman. Although a young team, they had a lot of potential. The girls did well until injuries began to intercede.*

*Clauss had the first in the string of injuries when she hyper-extended her knee. She missed over four meets. Lori Brandriff also missed a few very important meets. Throughout the entire year, the team had many bad breaks.*

*Finally, the team got healthy and pulled together for Sectionals. The team had three no-fall beam routines and had their best bar scores for the season. Fulkerson qualified in bars. Both girls were also named to the All-Conference team. Both had fine performances in Regionals. There, Linnea Fulkerson Cindy Clauss qualified for Regionals in beam, while Linnea Fulkerson qualified in bars. Both girls were also named to the All-Conference team. Both had fine performances in Regionals. There, Linnea Fulkerson, received a fifth place win in bars.*

*The team gained a lot of experience needed for next year. The other teams should be prepared to meet the 1987-1988 Snider Girls' Gymnastics Team. They'll have a lot of talent to show the judges.*

# A Tradition Of Excellence

*Back to the Summit in 88! After winning ten consecutive S.A.C. championships, the 1986-1987 Panther Wrestlers just missed grabbing the title for the eleventh year in a row. But this year's team was a young one, with only four seniors: Bob South, Troy Bratton, George Heller, and Ryan King. Despite the team's lack of experience, they worked hard and from that came many outstanding accomplishments.*

*This year's Most Outstanding Wrestler was George Heller. The Best Attitude Award went to Bob South and the John Osborne Award was given to Kevin Miguel. Bob South also set an all time school record for the most takedowns at 68. Sectional Champions this year were Todd Menor at 98 lbs.; Tim Tsiguloff at 105 lbs.; Bob South at 126 lbs.; Ryan King at 138 lbs.; Troy Bratton at 155 lbs.; and George Heller at 177 lbs. George Heller and Troy Bratton went on to become Regional Champions with Ryan King placing third.*

Christy Kelly: "Playing tennis this year has added a lot to my senior year. Remaining undefeated and winning the SAC and Sectionals helped make this season very memorable for me."

# Girls Tennis Goes Undefeated

Seniors Cara Beth Lee and Christy Kelly were undefeated during the regular season with records of 13-0. They were both named to the All SAC team along with the number one doubles team of Jodi Brubaker and Dawn Sterba who finished the year at 11-2; 7-2 in the SAC. Mandy Georgi had an outstanding season at number three singles with a S.A.C. record of 8-1 and an overall record of 12-1. Kristy Tomsits and Mindi Sheets were 8-1 in the S.A.C. and 12-1 overall at number two doubles.

Cara Beth was also the singles champion at the Concord Invitational along with Kristy and Mindi who were the champions of the doubles.

At the Bishop Luers Reserve Tournament, Jenny Smith was the singles champion while the doubles team of Amy Cantrell and Irene Vlaskamp were runners-up.

Replacing Cara Beth and Christy at number one and two singles will be a tough task. Fortunately, our reserve team went undefeated this year and we will have good people from that team to help us fill the spots on varsity.

Tied in SAC with 8-1 record

Dwight Swanson: "It has been a really fun four years and I wish the team well in the future."

# Tennis Has 14-3 Recor d

*The most important match of the year was the regular season 3-2 win over Dwenger. This win allowed the team to tie for the SAC Championship. Before this match, the team had a proud record of 13-2, losing only to Homestead and Concordia. At the Homestead Invitational the boys defeated two of the four state ranked teams that they competed against. Although discouraged by South Bend Adams and their old foe Homestead, the team sharply clipped an impressive third place.*

*This years' team was young, with only two seniors among the top ten players. Joel Harms, Steve VanWyngarden, and Todd Eikenberry were all SAC; Rob Benroth, Fred Jentgen, and Zane Bryant were returning lettermen.*

*It was obvious that victories like Snider vs. Northside, Bellmont, Wayne, Leo and Elmhurst gave them very positive attitudes. The team's enthusiasm towards their sport and over all team unity contributed to their success.*

Rob Benroth returns to the base line, preparing to melt his opponent.

"I got it!" "No- I got it!" Say Senior Steve VanWyngarden and Junior Todd Eikenberry, who were the doubles this season.

# Girls Place Second in State

*The 1987 Girls Track team has to be the most outstanding in Snider's history. They were rated third in the State all year, and won four major championships going into the Regionals.*

*The season started out with Snider qualifying a large group of girls at the Boiler-Boiner Relays at Purdue University.*

*Snider returned to Purdue the following weekend to compete in the Finals. This was the first indication that we had the core of a great team. The first big test of the year came at the Richmond Relays. The Panther girls won the meet easily and earned a third place rating the state polls.*

*While at the Northrop Invitational, defending State Champs from Southside were no match for the Panthers, and at the S.A.C. meet Snider proved to be number one in Fort Wayne. During the regular season, there were many fine individual performances. School records fell at almost every meet and Snider prevailed the winner.*

# Track Season Was Successful

The 1987 track season was a very exciting and successful season. Snider improved in many areas, number of track athletes, quality of these athletes, and an overall positive attitude. Our fine young men worked very hard and many of them were pleased with their efforts. The team finished with a 7-3 varsity record, and a 9-1 reserve record. They finished third in the SAC track meet, and were the only team to have four individual champions. They finished second in the sectional track meet, and also second in the regional track meet. The team qualified five individuals as well as the 1600 meter relay for the State Track Meet. The 1600 meter relay is their one event, also holding to date the state's best time. The relay team consisted of Collin Hicks, Andre Clopton, Solomon Emerson, and Ronald Humphrey. This was a tremendous thrill for these young men and also for the coaching staff. To the entire track team — continued success and congratulations on a very fine season.

Junior Ronald Humphrey strides out on the third turn to keep the lead.

The long jump is one of the many events that the Panthers participate in.

Rhett Kilmer: "This year's track team was sectional runner-up and should do better next year. The Panther track team is filled with all kinds of talented people — so come out and watch us next year!"

# Baseball Enjoys Success

The baseball team got off to a great start as they took the first five games of regular season play. Losing only six games, the varsity team finished with a 16-6 record. They were 5-4 in the SAC.

The Panthers captured the Warsaw Tiger Invitational and Wade Stuckey was named the tournament MVP. Brent Saylor was named to the second All SAC team and was MVP for the year. Mental Attitude Awards went to Tim Haffner and Dana Brackett.

On the reserve squad, Rod Parker ended the season as MVP and Mike Jordon was the Mental Attitude Award winner. Coach Andy Owen completed his first reserve season with a sparkling 9-1 record. Owen proved to be a great building block for future teams.

# Girls Tee-Off To A Great Year

*The 1986 girls' golf season was a very successful one. The team posted a 13-4 record in dual and triangular with two losses coming by two shots. A second place finish in the Northrop Invitational Tourney opened the season and got the squad off to a good start, serving notice that the Panthers were a force to be reckoned with in this part of the state. Lori Stinson was a medalist in that event. The team played on an even keel throughout much of the season. The competitive average through the season was just under 190 and went into Sectionals as co-favorites with Bishop Dwenger. In Sectionals we finished a disappointing third but still were able to qualify as a team for the Regionals. There, the State finals were missed by only seven shots. Lori Stinson qualified as an individual for State and placed 7th out of 90.*

*The Panther team was a young one. Our only senior was Kristi Herman, and our number six player was freshman Melissa Anderson. Along with Dwenger, the team should be the one to watch next season. The Panthers are likely to receive a high state ranking from the start next fall. Letter winners this year were: Kristi Herman, Amy Peppler, and Lori Stinson, Lori James and Michelle Middleton. Lori Stinson won the most valuable player award and Amy Peppler won the Mental Attitude award. Congratulations to these girls for their acomplishments.*

# Golfers have 16-6 record

*The boys golf team had its most successful season since 1979. The Panthers had a 10-3 record and were Conference Champions as well as Sectional Champions. They won the SAC Tournament for the second straight year, defeating nine teams.*

*The reserves were undefeated and took all the trophies at the Harding Invitational for the third consecutive year defeating ten opposing teams. Made up of senior Mike Welch, Jason Bryant, Toby Mathias, Chris Brennan, Matt Norvill, it was a banner year.*

*Mike Welch earned All-Conference honors for the third year in a row and Junior Jason Bryant, was honored for the first time with All-SAC honors. Senior Matt Norvill took second place individual finish in the Sectionals with an even-par 72. He was co-Medalist at the Concordia Invitational, sharing the low-score honors with Mike Welch as they shared 76's. Snider golf is on a roll. Congratulations on a successful year!*

# 1987 First Year For Softbal l

1987 marked the first year for fast pitch softball at Snider. LaDona O'Nan, a home-economics teacher, was the manager of the Panthers. She was assisted by Tim Martone and Brad Bakle, both are elementary teachers.

The twenty girls on the team went through two weeks of practices before their tough schedule began. Averaging three games a week, the team had a rocky start but ended the season showing great potential for the coming years. From game to game they improved greatly and soon they became a real team, working together like clockwork. The end of the season came quickly with the loss of the sectionals against Northside with a score of 10-2.

Lori James keeps her eye on the target as she whips the ball to first base.

Lynetta Fish stops a grounder to keep the runners from advancing.

# IN *Classes*

*The Panthers caught their mark in "classes." The Seniors have the memories of the state football game. The Juniors have the recognition of being one of the largest classes in size that Snider High School has ever seen. They also share the enthusiasm of becoming the next class of seniors. The Sophomores are no longer freshmen and almost considered upperclass. They also have the memories of their tug-o-war match during homecoming. Finally, the Freshmen, have all of the memories of their first high school dance or even basketball game. So the Panthers truly did make their mark in "classes."*

# 1986-1987 Our Year to Shine!

The Class of 1987-our class! We are finally seniors. We have tackled three years at Snider High School and are proud of it! This is our year to shine -and we will. The brighter we shine the better because this is our last year here — Our last year to really be "together" and to make memories. So we will make some great memories "together" to take with us when we go our separate ways.

Each year our class has become closer and more unified, and simply becoming Seniors has seperated our class from the rest and brought us even closer.

We will remember everything about our Senior Year from the Powder Puff game that we won and going to the State Football game at Indianapolis (yeah!) to eating lunch in our "wonderful" cafeteria and doing the "Senior" term papers (yuck!). No matter how big or small these memories may be, they will be very special, because they happened with very special people — SENIORS — and during a special time that will never come again — OUR SENIOR YEAR!

The 1986-87 Senior Class Officers: Brett Gemlick, President; Christi Cain, Vice President; Vicki Self, Secretary; and Beth Phillips, Treasurer.

## Seniors Look Ahead!

"What will your life be like in ten years?" is a question that almost everyone has thought about at one time or another. In ten years many now seniors will have established careers and the road ahead of them will be going towards success. It will be a time when most of them will probably have a family of their own and the "high school years" will just be memories that they can tell their children. Although it is difficult to believe, the class of '87 will have new circles of friends and their friends from Snider will probably be far away from their minds and their lives. No one really knows how their life will turn out and maybe for many of them their lives will be what they expected, and for others, a far different direction than what they thought. Until they all meet again they will never know the outcome of their classmates lives, only predict.

"What will your life be like in ten years?" When asked, here is what a few seniors said . . .

"I hope to be in the field of either tele-communications or photography. Hopefully I'll be married. But, at this point ladies, I'm still open for offers."- Andy Conkling

"I plan to have a successful career and have a husband and a family that I love very much."- Christie Van Asperen

"I want to be a teacher and marry a rich man. However, all of my friends think that I'll have five kids and be the president of the P.T.A. They think I'll bake cookies everyday for my kids and be the typical, faithful housewife. Although I won't admit it, they're probably right."- Margo Cronk

"I'll be a C.P.A. and driving a yellow Porsche made just for me!"- Kelly Bireley

"I really don't know exactly what I'll be doing yet. I do know that it'll be doing something really dumb and simple and I'll make a lot of money doing it! Personally, I'll probably stay the same. I'll be laid-back, mellow, quiet. All the stuff I am now!"- Bob South

# Seniors Share Embarrassing Moments

During their four years here at Snider High School, many seniors experienced some rather hilarious but embarrassing moments. They ranged from falling down the stairs to slipping on kleenex's. Here are a few seniors sharing their most embarrassing moment . . .

"My sophomore year I put my books on top of my car to unlock the door and forgot about them. They didn't fall off until I turned out of the lot onto Fairlawn and I held up traffic for ten minutes while I found all of my fruit fly report."- Brian Cook

"My sophomore year I dressed for pajama day one week early!"- Barb Agnew

"I was running down the hall trying not to be late for class and all the kleenex's fell out of my purse, I tripped over one and fell!"- Vicki Marrero

"One time I was waving to one of my friends who was in class and the teacher saw me and waved back!"- Andrea Forehand

"When a teacher calls my name and I don't have the answer to their question."- Triant Allen

"One morning during my freshman year I was carrying stuff into the school for my sister. My hands were full of all of her stuff along with my books when Brian Wise, who was standing in the main hall with all of his varsity football friends, told me that my purse didn't match my outfit."-Bill Anderson

"I was standing and talking to someone and one of the buttons on my jeans was undone."- Dana Brackett

"I fell down a couple of stairs and tried to play it off."- Matt Norvill

"When my jeans ripped from my crotch to my knee and I had to go home."- Jeni Bice

When we played Wayne in football, I ran the wrong way and ran straight into George Heller. We almost knocked each other over. It wrecked the whole play."- Eric Brooks

No matter how big or small it may seem, moments like these make SHS memorable.

# SENIOR ADVICE

Each class at Snider is unique in its own way, but the Senior Class is more than just unique. The seniors have one thing that no other class has, and that is the knowledge of three years of high school. In these years, they have learned many things from experiences that underclassmen are just now encountering.

Consequently, the seniors have much advice that they are willing to share with the underclassmen.

Here are some inspirational words from a few seniors:

Greg Kennelly: "My advice is this: Never under any circumstances, let your teachers think that he or she is the boss."

C.B. Lee: "Have fun! The time goes so quickly. I really regret a lot of things I haven't done. Take time to make some great high school memories."

Erin Oetting: "Participate in as many activities as possible in your younger years! By the time you are a senior, you'll probably have a job and won't be able to do as much as you'd like."

Jim Szymanski: "Try to choose your schedules so that they will be helpful to your future plans ."

Amy Roller: "Make friends from classes besides your own. There are so many interesting people to know."

Brock Rohrbacher: "Don't be a follower. Do what you want. Follow the rules, but have fun. Be a leader!"

Bob South: "My Advice would be to stay on a teacher's good side — some are known to be a little difficult!"

André Kleinrichert: "When you begin high school, just be yourself. You're a unique individual among everyone else — and that makes you special."

Jolene Varner: "Concentrate on having fun. It'll go faster than you think. Hang in there freshmen!"

Kelly Bireley: "Dare to be different. Make your "own" mark on SHS not someone else's."

Margo Cronk: "Keep your grades up because it is tougher to get into colleges than you might think."

Diana Toledo: "Get involved in school activities. Make high school a fun experience."

Vicki Sterling: "Realize that your freshman grades will stay with you. Don't slack off."

So what do "you" think? Is it helpful or not?

These seniors show their enthusiasm about the upcoming state game.

"Kiss this eighty-eight!" was a polite suggestion during homecoming's powder puff game.

Awed with algebra Julie Dinius expresses her enthusiasm by flashing a cheerful smile.

# Junior Class Largest Ever, Achieves Heights

The class of '88 is one of the largest and most outstanding group of students Snider High School has ever educated. Not only are these students motivated toward athletic, extracurricular and scholastic achievement, but they are also concerned with active community welfare and social well-being.

Athletically, the Junior Class filled the majority of the Varsity positions in not only the '86 semi-state champs and state runner-ups in football but also in many other Varsity and Non-Varsity sports here at Snider such as Cross Country, Girls' Volleyball, and Snider Hockey.

Scholastically, the Juniors really excel. They are the first to take 38 required credits instead of 32. The Speech Team, Indiana Math League, and Student Council are all very successful this year thanks to many contributing Juniors.

Several of the Juniors even helped to organize the annual State School Christmas Party.

All in all the class of '88 has much to be proud of, not only because of their accomplishments but also because of their tremendous amount of spirit and "Panther Pride."

# Junior Football Stars

Greg Jacobs, Kevin Kinnison, Solomon Emerson, Ronald Humphrey, Mike Niccum, Dennis Trice, and Wade Stuckey are seven guys with a purpose.

As a wide receiver, Jacobs had two receptions for 39 yards resulting in two touchdowns.

Kinnison led the Panthers as quarterback at the State Championship. When asked how it felt, he said, "It feels great to be out on the field and have all those people cheering you on!"

Emerson, a ball carrier for the Panthers had an outstanding year with eight interceptions. He also ran for 270 yards on ten kick-off returns.

Humphrey rushed for 127 yards during 17 attempts as ball carrier, averaging 74 yards per carry. He also had one interception during the season.

Possibly starting as kicker or defensive end next year, Stuckey let us in on his personal goals. "I'd like to start at defensive end and play well and average over 54 yards on my kick-offs and to make 95% of my P.A.T.'s."

Niccum feels that his friends are a big part of his pre-game preparations. "Mostly my friends tell me good luck and all that stuff."

Trice feels he did pretty good as an individual. He expects to play wide receiver and possibly start next year.

These players helped the Panthers to a 13-1 season including a trip to the State Championship in Indianapolis.

Looking like professional players are juniors Kevin Kinnison, Ronald Humphrey, Mike Niccum, Greg Jacobs, Solomon Emerson, Dennis Trice, and Wade Stuckey.

# Juniors Reminsce

Can you imagine yourself twenty years from now reminiscing about your high school years? Several juniors were asked the question, "What are you going to remember most about Snider?" Just as the interests and tastes of Snider students vary, so did their responses. When asked Tracie Kiracofe said, "I guess what I'll miss most is Mr. Buzzard and oh, who could forget wonderful Mr. Hershey? They're both such outstanding human beings. Chemistry has meant so very much to me." Christine Toledo had a completely different answer, "I think about all the good times that I had with my friends and going to the games and dances."

Jeremy Kunke responded by saying that he'd miss "Mr. Rusk's lectures and Mr. Patterson's jokes."

"I think I'll remember the close friendships that I've had. As your life goes on you move around a lot and your situation changes. The opportunity to have close friends isn't as great, so I think I'll Cherish that the most," Niki Hohman answered.

Kim Walton said, "I will remember all of the sports, and especially the football team going to state."

Even though they have different memories, they will never be able to forget that they were the SHS graduating class of 1988!

Juniors Christine Toledo and Tracie Kiracofe are caught reminiscing during class.

# Friends Are Forever

Everyone who has ever had a close friend has had to deal with the issue of trust. We count on our friends to care about us, consider our feelings, and to give us support. We sometimes need them to listen to our special thoughts, feelings, or experiences without our words becoming public in the future. You must expect that there will be times when you'll be betrayed or when you'll betray. Obviously doubt will enter your relationships and you won't be sure whether you want to continue them or not. Realize though that even the closest friend you have may be tempted to reveal your secret if she feels that it might gain attention and status. This doesn't make her a bad person - just immature.

If there's something that's really bothering you, you should talk to someone about it. Don't keep it bottled inside it will only get worse. When you decide to confide in a friend, you don't want to feel that what you tell her will be all over school the next day. If you really know your friend you already have a pretty good idea of her ability keep the things you tell her to herself. If you know a particular girl or guy who gossips as if their life depends on it, obviously you wouldn't try to confide in them. Would you?

To get to the point, you shouldn't lose faith in everyone because you were betrayed once.

Krista Hammond, Nancy Buschnell, Eliane Anderson, and Billie York make up a true circle of friends.

# Sophomores Sponser Mixer

Two down two to go! The Sophomore class has successfully completed their second year. They started out the year by making the freshmen feel as part of the "big family" by sponsoring the Freshmen mixer. Even though the Sophomore class didn't prove triumphant in the Tug-of-war during Homecoming Week, they had a lot of fun competing. Also, this class has shown their great Panther spirit by proudly cheering the football team all the way to the Dome!

This year's Sophomore class is one of the most unique classes to pass through Snider in a long while. Many things will be expected of this class in the remaining years.

# Late Days Not Great Days

Ring, ring, ring goes the alarm clock. Suddenly, you awaken to the annoying sound. It's 7:38 A.M.! You have to be to school by 8:00 A.M.! Your heart starts beating - faster, faster, faster. You literally jump out of bed and start running around your room like a wild ape. Questions go rolling through your mind: "Should I take a shower?" You decide that you had better put on an excessive amount of deodorant, and forget the shower. Next, you throw on a pair of jeans, a sweatshirt, a pair of unmatching socks, and your tennis shoes. You look at your watch and it's 7:49 A.M.! Struggling into the bathroom, you manage to brush your teeth, comb your hair, and wash your face. It's now 7:54 A.M. You have six minutes! Rushing out to your car, you remember that your geometry assignment is still in the house. You start the car, then dash back into the house to get the assignment. Now you peel out down the street as if you are in the Indy 500. After pulling into Snider's lot safely, you fight against time to make it to your first period class alive. Hopelessly you crawl into your seat with the bell buzzing in your ear. A thought passes through your head as you slip into your seat: "Will I ever make it through this day, or will it be another typical Monday with everything going wrong?"

Lets face it late days are great ones!

## Let's Collect Teddy Bears

Have you ever wondered what people collect? Are their collections unique or well-known? Many people collect stuffed animals. They collect them because of their cuddliness and cuteness. They collect romance, comedy, or even bedtime books for their reading pleasure.

Money seems to be an important part in a person's life these days, so why not save some and start a collection of coins or even dollar bills.

After summer vacation when you are on your way back from the sandy beaches with a bag full of shells, start a collection!

Different types of dolls make for another big-time collector's item. Indian, Barbie, and "Little House on the Prairie" dolls are only a few in the vast variety.

If your senior year is just about over and you left without any memories of your friends or teachers remember your collection of letters and pictures that will hold very precious memories for you forever.

Sophomore Karen Fazekas and her buddy show off their stuffed animals during spirit week. Could these animals be a part of a very large collection?

Sophomore Grace Guo shares a laugh with her math teacher, Dean Fast. Mr. Fast also coaches the Panther football team.

# Sophomore Runner Excels

In the 1986-87 school year, Heather Smuck played an important role on the girls' cross country team's road to the state finals. Smuck began her running career at the early part of the summer of 1986. She was encouraged by fellow track team members to give the cross country program a try. Her goal took much sacrifice of friends, free time and other activities. Heather could be seen with the rest of the girls' team on Monday, Wednesday, and Fridays working diligently for two hours a session. Almost every other day, Heather and the team were at meets. Heather commented that there seemed to be some competition in the SAC but most of the talented runners were visible at the state finals.

"State was kind of scary, but you want even more to do well," she recalls.

Smuck felt that she gained much from her first experience on the team. She stressed how much she valued the friends on the team. If one runner was depressed, the other girls came to help that person.

"You always have to be a runner," she emphasizes. "You have to keep on going, no matter what."

# FROSH CARRY ON TRADITION

When school started, to most of us its the same routine, but to freshmen it's a new experience. Tradition for many years now has been that freshmen get picked on, made fun of and usually get lost trying to find their new classes. According to Jason Woolard, his worst fear of Snider was getting lost and having Mr. Lindquist for English.

You can spot a freshman in the halls because they're the only ones who use the map on the back of Snider folders.

The most embarrassing thing to most freshmen is the fact that they cannot drive. Having to have their parents take them places or bum rides off older brothers or sisters or upperclassmen.

Places where you can usually find freshmen hanging out are Rock America, the mall, football games, and of course, riding their bikes or mo-peds to Georgetown or Northwood to meet their friends.

But like all freshmen, they are soon accepted by everyone and feel like they're part of the school, carrying on the Snider High School tradition of having the best students.

# Frosh Ranked As "Little People"

Upon walking into Snider one would think it calm and social with the groups of kids standing around and talking. Everything seems to move like clockwork, until you look down and notice the tiny people running around your knees. They are, of course, freshmen. Booming around the halls with their yellow official Snider folders and their schedule cards, looking frantically for their first period class.

The girls carry their "Hello Kitty" purses while the boys have their Toughskins pulled up to their armpits. Freshmen are quite obvious with their Swatches lined up on their arm and their collars standing straight up. Upperclassmen love the advantage that they have on these outcasts. Rats in the lockers, elevator passes, and viscious teacher stories are just a few of the tall tales these little people must decipher as fact or fiction. One can't help feeling sorry for the frosh when they show up in the bathroom and have to write their locker number on their hand, or when they drop their lunch boxes down the stairs, but just think, all of the freshmen will soon be sophomores. Then they too can pick on the next group of "little people."

**This group of freshmen are heading to their next class. Hint: Notice the official Snider folder.**

# Freshmen Accept Challenge

A fellow student asked Cynthia Vincent if she was a freshman as she walked through the doors. Immediately she thought, "Oh my God, is it that obvious?" Overall the class of 1990 found that Snider wasn't that bad. The challenge from middle school to high school was accepted by the new freshmen. Some of their comments were:

"It wasn't as big and hard to find my way around as I thought it would be."

Lori Brandriff said she thought the lockers were small, and the five minute passing period was too short. Jason Rey thought the school was too big and the halls too crowded.

Most of the freshman girls conclude that they'd never seen so many gorgeous guys in one place. They basically discovered that high school wasn't so bad and that they'll make it through this school year, and anticipate the next three years to come.

Jamie Hatcher, Phil Bieneke, and Brian Dumford - are these the "gorgeous" guys?

# A Lockers Worst Nightmare

Three long months I have been sitting empty and dormant. An old friend came by on his annual visit last week. Dusting out my sturdy shelves and re-adjusting the lock to my heart is a reminder to prepare myself for a new year of long days full of hard work.

I hear commotion in the hallways around me. It is here at last, the first day of school. I hear all my working companions being introduced to their new owners and I wonder how soon I'll get to meet mine. What will he be like? This person whom I will serve, so devoutly for a year. This person that I will get to know inside and out, a new pal. I will secretly read all his notes and books, protect them with loving care, and unwillingly put up with his smelly gym clothes. If at any time I feel naughty, or if my door is slammed shut one morning, I will eat an assignment, or lose a book. Even lockers have feelings! At last I hear someone. My lock is twisted and turned. Finally a ray of light brighten up my interior. Oh no, not this! The worst possible nightmare! It's a freshman!

Talking to newly made friends helps to pass the time during English class.

These freshmen are experiencing their first "high school" dance during the annual freshmen mixer. As usual, it proved to be a huge success.

Freshman cheerleaders help to spark the enthusiasm that will stay with them for the next up-coming high school years.

# Safari Editor Takes A Look Back

As the 1986-1987 Safari comes to a close, I look back and remember this past year as one of many successes and even a few failures. I hope that the 1986-1987 Safari has been able to capture most if not all, of the special times you, the student body, have spent here at Snider High School.

I want to thank the teachers, administration and coaches for all of their help and encouragement. I want to thank the 1986-1987 Safari Staff and Photographers for the time you gave to this accomplishment. Most of all I would like to thank Mr. Bob Henning, our Walsworth Representative, and Mrs. Eleanor Shaw. Without their ideas and support, this yearbook would have been impossible.

Good luck next year and best wishes to the graduating class of 1987.

Kelly R. Bireley
Editor-in-chief

A familiar sight? Room 100 served to be the ISS room. Next year it will be used for other reasons.

"Always wear your shades," exclaims Mr. Buzzard while pouring chemicals.

The 1986 State Football Game proved to be unsuccessful for the Panthers, but our players will be remembered as SHS best! Great job Cats!
